Notice is hereby given that the following lands will be put up for sale, by public auction on the 24th and the 25th January 1945, at the Canal Rest House, Khanewal, from 10 a. m. to 4 p. m. each day :—

The lands will be sold upon the conditions of sale obtainable free of charge from the Colonization Officer, unless this sale shall, in the meantime, have been stopped or postponed by order of superior authority.

2. The Colonization of Government Lands (Punjab) Act, 1912, is applicable to the lands to be sold till proprietary rights are obtained by the due observance of all conditions of the sale.

3. The purchaser shall use the land for agricultural purposes only and he shall not use it for building purposes except such buildings as are in the opinion of the Collector required for agricultural purposes.

4. The approximate area of the lands, the distributaries extended to them, and the boundaries are given in the Schedule of Lots :—

(*a*) The lands will be sold in lots numbered as shown in the Schedule of Lots, and in the maps in the office of the Colonization Officer. The Schedule and maps bear the signature of the Colonization Officer. The number and approximate size of the lots in each estate are set forth in the Schedule of Lots.

(*b*) Distributaries of the Haveli Project Canal have been extended to these lands, and plans signed by the Executive Engineer concerned, are open to inspection, free of charge, at the Colonization Office. These plans show the extent to which these lands are believed to be irrigable from the above-mentioned channels. Government does not hold itself in any way responsible for supplying any water to any of the said lands, or for the correctness of the said plans, and no failure or error in these respects shall be a ground for avoiding the sale of claiming compensation.

(*c*) All trees, undergrowth and all other product whatever, of the said lands, will be included in the sale, save and except mines, minerals, coals, gold washings, earth-oil and quarries, in or under the said lands.

(*d*) The price of trees will be recovered from the purchasers of the said lands on the basis of special valuation, assessed by the Colonization Officer. It will be payable with the first instalment of the purchase money of the land. If the purchaser does not accept this valuation, he will let the Colonization Office or any persons authorised by him, remove all the trees, etc., leaving the roots behind. The purchaser shall not be entitled to claim any compensation for any damage or loss caused in the cutting, stacking or removal of the wood.

5. No person shall be permitted to bid at the auction on behalf of any other person, whether present or absent, unless he deposits with the Presiding Officer a duly executed and registered power-of-attorney (Article 42, Schedule 1, Stamp Act), especially authorizing him so to bid, and generally to represent such other person at the auction. No minor shall be allowed to bid.

6. In no circumstances will any exchange be made of land sold, nor does Government accept any liability for the correct identification by the bidder of the land sold. Lots can be identified on the ground by the help of survey marks and the plans alluded to in paragraph 1 above. Patwaris will show visitors round, at any time between the date of this notice and the date of sale and they will be under the supervision of Kanungo posted in their circle. If any difficulty arises, application should be made to the Colony Naib-Tahsildar concerned.

7. The lands will be sold subject to a reserve price and the confirmation of Government will be required before any bid is finally accepted, and Government reserves the right to withdraw any plot from auction or to alter its size without previous notice or to refuse the highest or any bid.

Issued at Multan, by the undersigned, this 18th day of December, 1944.

he closing balance on 31st March 1944 excludes e amount invested which is detailed in paraaph 5 but includes the sum of Rs. 6,00,000 reeived as loan which remained unspent at the end of the year. *Prima facie* there is little variation between the figures of the two years, but actually there was a noticeable rise and fall under the various heads as noted below :—

Drainage	15,34,074	4,26,675	—11,07
Net decrease ..	..	..	—58

The decrease in octroi income was ascribed to—

(*i*) Less imports due to scarcity of marketable goods.

(*ii*) Non-recovery of octroi on rail-borne goods due to its legality being questioned.

(*iii*) Income under head "House-tax", increased due to recovery of arrears.

The increase in expenditure was due to the general upward trend of prices and payment of the dearness allowance to the staff.

No advance was made during the year for Lahore Sewerage Scheme to the Public Health Department. A large amount was already outstanding with that department. This was responsible for decrease under the head Drainage.

5. *Investments, Loans and Government Grants*—(*a*) *Investments*—The Corporation holds the following investments :—

Date of investment	Particulars	Amount	Purpose
		Rs.	
3rd February 1942	P. O. 10 years	5,000	Minimum balance of Corporation
15th February 1943	Defence Saving certificate..	15,000	
24th December 1943	Fixed Deposit in Imperial Bank for one year	80,000	
	Very old Deposit, Government security stock certificate	2,700	Lahore Poor House investment.
22nd November 1941	Security deposit with the Lahore Electric Supply Co.	50,000	..

(*b*) The total loan obtained by the Corporation from the Provincial Government for Sewerage Scheme amounted to Rs. 21,00,000. At the end of March 1944 the balance payable amounted to Rs. 19,60,000.

(c) *Government Grants*—The Government grants received during 1943-44 are detailed in Appendix B. They were spent on what they were sanctioned for.

6. *Losses*—(a) In their letter No. 2244-L. G. 43/5348, dated 23rd August 1943, the Punjab Government sanctioned a loan of 6 lakhs at 4½ per cent to the Lahore Corporation. As there was a large surplus balance with the Public Works Department in September 1943, it was suggested in audit, that in order to avoid payment of interest, the application for loan might be withdrawn by the Corporation.

This advice was declined to be taken on the plea that the Government's sanction for the loan had already been received and that an enquiry from the Superintending Engineer had revealed that there was little balance with him to continue the scheme.

Actually, however, it was found that the unspent balance at the moment amounted to 36 lakhs approximately. Out of this a sum of Rs. 12 lakhs is proposed to be released for investment.

It will be seen that the loan of a further sum of 6 lakhs when the balance at the moment with the Public Works Department was not less than 36 lakhs, was not in the financial interest of the Corporation.

Even if the investment is made it cannot be contested that the return on it will be far less than what the Corporation shall have to pay correspondingly to the Government on the same amount. Had the advice of audit been taken, the Corporation would have been saved from the liability of interest amounting to Rs. 25,500 per annum.

(b) Due to scarcity of grain, the Corporation decided to purchase 7,552½ maunds wheat, for Rs. 84,227-4-9, in order to supply it to its employees at cost price. Due to anticipated fall in price, none of the Corporation officials, barring a solitary Sanitary Inspector, came forward to purchase it. It was, therefore, decided to sell it in the market.

The Sanitary Inspector purchased one bag of 2½ maunds and 6,583 maunds, 19 seers and 8 chhataks were sold to one Karim Bux during the period 23rd February 1944 to 11th May 1944. The balance in stock, therefore, should have been 966 maunds, 20 seers and 8 chhattaks but on 2nd August 1944, actually it was found to be 329 maunds, 27 seers and 8 chhattaks. This means a shortage of 636 maunds, 33 seers involving a loss of Rs. 7,102 approximately.

A note, dated 23rd March 1944, in the municipal file has however, revealed that 128 bags weighing 320 maunds were missing from the Corporation Godown. As regard the remaining shortage of 316 maunds, 33 seers there is no explanation except the M. O. H's note, dated 5th June 1944, which indicates the saleable quanitity in each bag of 2½ maunds was only 2 maunds, 13 seers and 8 chhattaks. If this were taken as correct, the difference should have been 490 maunds, 36 seers and 8 chhattaks and not 316 maunds, 33 seers.

Even making all due allowance for deterioration of the stuff in a period extending over 6 months, the percentage of wastage is still abnormal. The Chief Officer would, therefore, be well ad to investigate the matter fully and see th planation given is not an after-thought. It also please be ascertained as to why it wa possible to institute an immediate enquiry the loss of 128 bags on account of short s by the contractor in collusion with Corpo officials came to notice.

Again Rs. 68,741-2-9 were payable by Bux on account of the wheat sold to him, b paid only Rs. 67,928-3-9. He should be re to pay the remaining sum of Rs. 812-15-0 wi delay. Further, the cost of bags has been ch from him at Rs. 48 instead of Rs. 75 or Rs. 7 hundred bags paid by the Corporation wi orders of the Chief Officer. The balance shoul recovered now unless, of course, the Chief O is satisfied that the bags in question coul have fetched anything above Rs. 48 per hundr

It may *inter alia* be mentioned that no s account worth the name was maintained in re of the issues of wheat till pointed out by a To avoid further deterioration, the balance s should be disposed of immediately. Its sale ceeds will in any case hardly exceed Rs. 3,000 tailing a loss of Rs. 12,468. The Corpora will thus be able to salvage Rs. 71,769 ou Rs. 84,227-4-9. The actual figure of the should be worked out, after the stock is dispose and reported to the Commissioner under XVII·13 of the Municipal Account Code.

(c) *Loss of empty drums*—Tar was purcha in returnable drums but no steps were take watch their return. After a time the suppl claimed that a large number of empty drums w due to them. On investigation it was found t there was a shortage of 239 drums. While resp sibility for the loss of 157 drums was fixed various officials, Rs. 492 as cost of the remain drums was written off by the Chief Officer. T required the approval of the Commissioner und Rule XVII·13 of the Municipal Account Code.

7. *Embezzlements*—(a) On 28th July 19 the Assistant Tax Superintendent, Property T reported that some assessees were in possessi of receipts, for which amounts paid by them h not been credited into the municipal fund :—

(i) Mr. Vidya Parkash Thapper, a ta payer, paid Rs. 11-10-0 to Mr. Vidya Sagar, tenant and an employee of the Corporation, credit into his account. This sum was not recei in the office of the Corporation, but the tax-pa got receipt No. 6 of book No. *nil*, dated 2 January 1943, for it. In response to a notice produced this receipt and filed a written sta ment.

(ii) Similarly Hira Lal, owner of proper Nos. F-2198 and D-3885 had paid Rs. 27-10-0 receipt No. 40/*nil*, dated 6th March 1943 as pr perty tax for 1942-43, which was not signed credit for the same was not traceable.

(iii) Sant Ram another owner of proper No. S. W. IV.- 33-S-26 produced receipt No. 7/ dated 15th February 1943, for Rs. 16. This rece was also not signed and credit for the same w missing.

(b) On 9th September 1943, it was reported by the clerk of the office of the Tax Superintendent that Anwar Sultan, tax collector, had absconded with receipt book No. 4337 and that receipt No. 31 of that book for Rs. 32-6-6 had been produced by Mr. Rup Lal owner of property No. S. I. 8-S-9. This receipt had been signed by Anwar Sultan, who failed to credit the amount into the municipal fund.

The relatives of Anwar Sultan agreed to make good the loss. Particulars of receipts found with assessees for Rs. 418-5-6, but not credited to the municipal fund, are given in Appendix D. This includes the sums referred to in paragraph (a) above. The father of Anwar Sultan credited Rs. 329-3-6 on 23rd December 1943 and the balance Rs. [illegible]2-0 was credited by another relative on 24th February 1944. The result of the police enquiry is awaited.

(c) Besides the receipt books referred to above there were many others which were reported to be missing and for some of which notice had been issued through the press. In view of the fact that some missing receipt books had actually been used for collection of dues but amounts whereof were not credited to Corporation, a thorough enquiry in regard to the missing or unreturned book mentioned in Appendix C is called for. Action may also please be taken against the officials responsible.

8. *Short credits*—(a) Rupees 547-8-0 were realised by receipts Nos. 12 to 22 of Book No. 11939 by Lambardar, Mozang, on 20th February 1944, as sale of sullage water but only Rs. 537-8-0 were credited by him on 23rd February 1944. The short credit of Rs. 10 was made good on 14th April 1944 after it was pointed out in audit.

(b) Rupees 101 had been collected by Manzur Ahmad, Tax Collector, on 23rd December 1943 on receipts Nos. 37 to 50 of Book No. 12049 but only Rs. 100 were credited to the municipal fund. The balance of Re. 1 was credited on 21st February 1944 by receipt No. 11-2449 after it was pointed out in audit.

These instances indicate that there is room for improvement of internal check in the Health and Taxation Departments.

9. *Shortage of material in the municipal store of Buildings and Roads Department*—(a) *Loss af stock book of Municipal Engineer, Buildings and Roads Department*—The office of the Municipal Engineer (Buildings and Roads) in February 1944 prepared the duplicate of the stock book containing account of cement and other valuable articles as the stock book was reported to be missing. The circumstances in which the original stock has been lost require investigation. The Municipal Engineer (Buildings and Roads, may therefore) please be directed to verify the corrections in the duplicate stock book and certify that the ground balance agrees with the book balance.

(b) A reference to the stock book shows that on 26th February 1944, 350 bags of cement were transferred by the Municipal Engineer (Buildings and Roads) to the Municipal Engineer (W. and D.) as per indent No. 1168/12. Page 19 of stock book No. 7 of the Municipal Engineer (W. and D), however, indicates that on this date only 174 bags of cement were received from the Municipal Engineer (Buildings and Roads). This loss of 176 bags of cement valued at Rs. 3-8 per bag, needs further investigation.

10. *Avoidable expenditure*—(a) The Pioneer Enamelling Works, Amritsar, was given the work of manufacture of street-naming plates. The writing of street numbers and sub-division numbers was ordered after the first instalment had been received. The firm had thus to carry back 962 plates for which Rs. 962 were charged by it in addition. This extra expenditure would have been avoided had the complete instructions been given in the first instance. The circumstances in which this could not be done call for investigation.

(b) From the bill of the suppliers (Messrs. Smith, Stainstreet and Co., Calcutta) it appeared that if the order had been placed with Messrs. Beli Ram and Bros., the cost of 360 bottles of spirit purchased, would have been only Rs. 168-5-0 against Rs. 191-4-0. It was due to carelessness in the preparation of comparative statement of rates that the order was placed with Messrs. Smith, Stainstreet and Co. This results in an avoidable expenditure of Rs. 22-15-0 to the Corporation.

(c) It was noticed that in March 1942 10 wall clocks for Tubewells were purchased at a cost of Rs. 200. On 4th July 1942 the Assistant Superintendent, Water Works, reported that 6 out of 10 clocks were out of order. Subsequently it was reported that all of them were out of order. On inspection, the supplying firm reported that the clocks had been mishandled and certain parts required replacement

As the fact of the supply being in order has to be presumed in the absence of any adverse report at the time of taking delivery the matter is brought to the notice of Chief Officer for investigation and orders.

The responsibility in all the 3 cases mentioned in para. (a), (b) and (c) above may please be fixed and necessary steps taken to avoid such expenditure.

11. *Avoidable payment of decrees against the Corporation*—(i) The Corporation had to pay damages in the following cases. This could be avoided, if necessary precautions had been taken :—

(a) *Lal Devi* versus *Administrator, Lahore Corporation for Rs. 3,527-9-0*—This amount represents the damages and cost in the suit brought by Lal Devi on account of damage caused to her house in Said Mitha Bazar due to percolation of water from the Corporation pipes. It was admitted that more than one complaint regarding leakage of water was received before the damage was caused but no action was taken.

(b) *M. Nizam Din* versus *Lahore Corporation*—In this case the Corporation had to pay Rs. 2,899-6-0 to the complainant as the damage was caused by the Corporation water-pipe which had outlived its normal life.

(c) *Mahtab Begum* alias *Nawab Begum* versus *Corporation*—In this case Rs. 373-4-0 were paid as cost of suit, besides Rs. 400 as compensation for damages because the Corporation had constructed

a pacca drain on the plaintiff's land to carry sullage water of a locality of Faruq Ganj in a Khal. The court had held that the Corporation had no right to construct a drain on this land without payment of reasonable compensation for any damage sustained or caused by laying out of sullage water drain.

(d) *Shiv Ram Das* versus *Corporation*—In this case Rs. 142 were paid on account of costs of suit for encroachment on the plaintiff's land by construction of drain.

(e) A statement of suits and civil appeals, filed by or against the Corporation, during the year under report, as supplied by the Law Branch is given in Appendix H. It shows that out of 86 civil appeals filed by the Corporation 66 were lost. The percentage of failure is 77 per cent.

(ii) Out of the total number of suits and appeals shown as lost by the Corporation, files of 48 cases only were made available to audit. It appeared that most of these were lost either due to issue of wrong notices or because action of the Corporation was held to be illegal or capricious. Thus the Corporation had naturally to bear litigation charges of the opposite parties. A few instances of this kind have been given in statement I attached to this report. The matter is brought to notice for suitable action under section 43 (2) (iv) of the Corporation Act.

12. *Works—Allotment of works without calling for tenders*—(a) It was noticed that works were sometimes allotted to contractors without calling for tenders. This is against the provisions of rule XIII·2 (1) of the Municipal Account Code.

(b) *Rules not properly observed*—In connection with the works regarding paintings and lettering boards in Hiramandi dispensary for Rs. 188 and Rs. 147, which were actually completed on 6th January 1943, requisitions were sanctioned on 25th February 1943 and work orders issued under, dated 27th February 1943, the date of completion being fixed as 28th February 1943. This is reducing the requirement of the rules to a mere farce.

(c) *Evasion of technical sanction—Electric installation a Swimming Bath, Minto Park*—The contractor was given this work on 15th April 1943, who completed it on 24th April 1943. As the work actually executed, exceeded the original estimate of Rs. 4,800 a revised estimate for Rs. 4,951 was got sanctioned on 28th June 1943, i.e., long after the work was completed by the contractor. In this revised estimate, provision of only one fan was made though actually 3 fans had already been fitted by the contractor, as provided for in the original estimate. It was stated by the Municipal Engineer (Buildings and Roads) that two fans supplied by the contractor were of inferior quality, which were rejected.

In that event the contractor could be made to instal the fans of approved quality as obviously the necessity for three fans still existed. This is evidenced by the fact that they were actually fitted by the same contractor in October 1943 at a cost of Rs. 850 on the strength of a separate estimate sanctioned by the C. M. E. Had the revised estimate comprised of the provision for three fans, as originally contemplated and s sequently executed, the sanction of the Electr Engineer to Government, Punjab, would have b necessary. By splitting up the work in the man described above, the necessity for the requi sanction was evaded.

(d) (i) *Purchase of night soil receptacles*—Ru 35,056-1-0 was paid to the Eastern Automo Lahore, as cost of receptacles. The work undertaken without obtaining the technical sa tion required under Rule 6 of the Municipal W Rules. This should now be obtained.

(ii) According to the indent submitted by contractor 41 tons of iron was required for manufacture of receptables and 3 bodies of m trucks. Against this, a licence for 55·75 tons i was obtained which quantity was actually s plied to the contractor. He, however, did surrender the surplus balance of 14·75 tons Government.

13. *Pay Bills*—(a) *Absentee statements sig as a matter of course*—Absentee statements w not correctly prepared and were signed by heads of departments concerned as a matter course. This resulted in excess drawal of pay certain officials who were on leave, but were sho in the bills as on duty. The amount drawn excess in such cases was however refunded. T heads of departments did not realise their sponsibility to give correct information in t absentee statement. This is brought to spec notice.

(b) *Undisbursed pay not refunded promptly* It was noticed that undisbursed pay was som times retained in hand for about a year befo it was refunded by short drawal in a bill. F instance Rs. 70-8-0 drawn,—*vide* cheque N 23490, on 28th June 1943, were refunded by sho drawal in the salary bill paid in April 194 Similarly Rs. 330 3-0 were refunded through sala bill of Bahishties for December 1943, though th amounts relate to periods as far back as Ju 1942. In this connection attention is invited t rule XII 13 (2) of the Municipal Account Code fo strict compliance.

14. *Supply of coal-dust for bricks*—Messr Mehtab Singh, Waryam Singh and Brij Lal Sing were supplied with 219 tons of coal-dust at co cession rate in lieu of which they were require to supply 880,000 bricks to the Corporation a reduced rate mutually agreed upon. In reply t an enquiry the Municipal Engineer Buildings an Roads stated that only 362,480 bricks has bee supplied up to 27th March 1944. The contractor may be asked to make good the balance supply.

15. *Octroi*—(a) *Irregular grant of contract fo collection of Octroi*—Right of collection of octro on cinder and other refuse, coming out of th Railway Workshop area, was leased out to Messrs Jodh Singh-Ghulam Mohammad, Contractor Lahore, for a period of one year ending 5t August 1942, for Rs. 1,950, under section 83 o the Punjab Municipal Act. This contract wa however renewed in August 1942 and again i August 1943, for Rs. 8,451 and Rs. 6,000 respec tively. The authority under which these renewal were effected may please be indicated.

(b) *Delay in recovery of octroi*—Octroi on icles imported by Government departments is lected by means of monthly bills. The bill ister shows that arrears are outstanding since l December 1943. This undue delay in the covery of octroi is not very commendable.

(c) Certain importers contested the legality of llection of octroi on goods imported by rail. e Senior Sub-Judge Lahore, issued injunction ders restraining the Chief Officer to collect troi on such imports pending final decision of e case by the High Court. It was stated by the troi Superintendent that only a few importers d produced such injunction orders and that a cord was maintained of the goods imported by em from time to time. The amount of octroi coverable on such goods amounted to Rs. 35[illegible]14-9 approximately. Its actual recovery ill of course depend upon the final decision of the igh Court.

16. *House Tax*—(a) *Non-assessment of some ildings*—Certain building had not been assessed house tax, though they were noted in the assessent list. A few instances are given in Appendix) to this report.

(b) *Grant of exemption under section 105 (3)*—In everal cases the houses sold, or mortgaged conue to enjoy exemption from tax under section 05 (3) without verification whether the conditions id down for exemption are fulfilled by new owners r not. Necessary enquiry may be made to establish that no unauthorised exemption remains enorced.

17. *Wheel Tax, Dog Tax and Horse Tax*—Declarations not taken each year.

Rule VII·4 of the Municipal Account Code equires that the Tax Superintendent should cause o be prepared a register in form T.S 3, of persons iable for payment of the tax, and for this purpose, ssue to such person a declaration in form T·S·4, or such information as may be necessary in order o ascertain whether such person is liable to pay the tax.

It was noticed that declarations in Form .S.4 were obtained only in a few cases detected by e Tax Branch. Again, apparently the demands e copied from year to year from old registers ithout verification. They are sometimes entered ainst persons, who may have either left Lahore, who were not in possession of vehicle, dog or orse during the current year. This naturally sults in accumulation of irrecoverable arrears nd unnecessary correspondence with the supposed x-payers.

Again, there were several cases in which declaraon for demands raised since 1st April 1943 were ceived as late as January 1944. It is not, erefore, possible to establish that all persons able to pay have been assessed and assessed rrectly. To avoid such irregularities in future, is suggested that procedure laid down in rule II·4 of the Code may invariably be observed.

Irregularities in the demand registers of wheel x—(a) (i) In some registers of Wheel tax mount of demands were omitted to be shown ainst the names of owners.

(ii) Several demands for this tax were found to have been incorrectly noted in the Demand and Collection registers.

(iii) Several demands were struck off from the Demand and Collection register without being intialled. Reasons for removal of demands were not recorded in all cases.

(iv) Arrears were sometimes not worked out correctly. Most of the arrears have not been carried forward in the Demand and Collection registers for the current year.

(b) (i) *Cases of short assessment of tax*—There were only 361 demands of wheel tax for private tongas, 264 demands for dog tax and only 23 demands for horse tax. The numbers of demands for these taxes, in a city like Lahore, are obviously too small. The matter needs investigation.

(ii) *Arrears of dog tax not properly worked out*—The arrears of dog tax outstanding on 31st March 1944 were not carried forward in the current year's demand registers. In fact they had not been struck completely in the old registers.

(iii) The recovery of horse tax, especially of arrears was very small.

(c) The demand registers were not totalled and proved at the close of the year.

18. *Water Rate*—The defects pointed out in paragraph 12 of the last year's report still continued during the year 1943-44. The following further points are brought to notice in this connection :—

(i) *Bases of fixing demands defective*—Register of connections in form W.I., which forms the basis of fixing demands and which contains history of each connection regarding its opening, or closing, has not so far been completed. Under the existing by-laws, charges for water supplied through unmetered connections in the City and Landa Bazar area are to be fixed by the size of ferrule and number of taps, and in the remaining area at 5 per cent on the monthly rental value of houses subject to the minimum of city rates. At present the demands are merely copied from old registers. In some cases, the size of ferrule and numbers of taps were omitted. So long as the register of connections is incomplete the accuracy of water rate demands cannot be established. This register should, therefore, be completed without further delay.

(ii) *Short demands of water rate resulting in loss of income*—It was noticed that in Mozang, Gowalmandi and other congested areas, outside city and Landa Bazar, water rate in most cases was charged at ferrule rate while in other on the basis of rent fixed many years back, instead of on rental value of the building as per house-tax assessment list. To quote but one instance, the total demand for the Gowalmandi area according to the monthly rental value of houses, for purposes of house-tax, amounted to Rs. 37,439-4-0 approximately against Rs. 24,956-14-0, as shown in the Demand and Collection registers of waterrate for this area.

N. B.—The annual value of 145 buildings of this area, could not be ascertained because correct

house numbers were not quoted in the water-rate demand registers. Increase in demands for these connections, if any, is therefore not included in Rs. 37,439-4-0.

It was stated that three years back assessment was revised on the basis of rents assessed for purposes of house-tax and that most of the consumers took objection to this, without being given an opportunity for objection, and that the then Administrator had verbally ordered that the water rate should continue to be collected on the basis of old assessment till such time as the new by-laws came into force. As the amended by-laws have not yet been sanctioned, the existing practice is resulting in loss of revenue. Water rate less charged in such cases should therefore be recovered now and credited to Corporation fund.

(iii) *Demands not raised promptly*—As regards metered connections monthly demands on the basis of monthly readings of meters are not raised promptly as required by rule VIII·13 of the Municipal Account Code. For instance such demands for February and March 1944, were not entered in the Demand and Collection register for 1943-44. It was stated that all such demand would be raised in the Demand and Collection Register for the current year. This method apparently helps to cover up the heavy outstandings of the water rate. This is brought to the notice of Chief Officer for necessary action. It was also noticed that consumers were not issued bills for water rate at the end of each month. Such bills were sent after a delay of 3 or 4 months. Steps should be taken to remedy this defect.

(iv) *Arrears of water rate not properly worked out*—All the arrears at the end of the year as worked out in the Demand and Collection registers for 1943-44 had not yet been carried forward to the Demand and Collection register of the current year. A few omissions were supplied when pointed out. Arrears in respect of portions of cértain wards, e.g., civil ward had not been carried forward in the current year's registers.

(v) The Demand and Collection registers were not correctly totalled and proved.

(vi) If a connection is closed otherwise than at the request of an owner, the re-opening fee is Rs. 5. In several cases at the time of re-opening such connections it was reported that they had been closed at the request of the owners and only Re. 1 was charged as opening fee, but the applications of the consumers concerned in support of this contention were not produced. The exact amount of undercharge in such cases could not therefore be determined. The above-noted irregularities show that internal check is not properly applied to water rate accounts.

19. *Savings or recoveries effected as a result of audit*—As a result of concurrent check applied by the Resident Audit Staff, irregular excessive and wrong payments and short credits amounting to Rs. 7,230 approximately were detected. Some of the important instances are detailed in Appendix A to this report.

20. *Arrears—Recovery not satisfactory*—Arrears of various taxes and rates of the Corporation as reported by the Tax Superintendent amounted to Rs. 4,15,283 on 31st March 1944. The detail given in appendix E. There was only a s decrease in the amount of arrears as compared that of the previous year. As the Corporation now vast powers under the Corporation Act fo recovery of its dues, ordinarily there ought t no arrears left at the close of a year.

21. *Temporary Advances not adjusted p ptly*—(a) The amount of unadjusted tempo advances, increased from Rs. 58,06.889-9-11, a end of last year to Rs. 61,63.340-11-9 at the of March 1944,—*vide* Appendix F. Leaving the advance for sewerage scheme, there are se advances outstanding against the heads of de ments. Adjustments in accounts should as a be carried out immediately on completion o works concerned. To quote an instance Rs. were taken as an advance by the Medical O of Health in April 1941, for employment of la in connection with the Sweepers' strike. The justment account was put up in May 1944, was found full of objections requiring clearance. reasons were forthcoming as to why it too years to put up the account for audit.

(b) Again an advance of Rs. 157-8-0 taken by the Medical Officer of Health on February 1943 for purchase of salt. It was funded on 19th November 1943 in cash. If it not required for immediate expenditure, the ch should not have been cashed.

(c) From the list it will be seen Rs. 18,835-12-0 were advanced to the Med Officer of Health for purchase of standard c for the Corporation employees. In this con tion the following defects are brought to notice

(i) No subsidiary cash book for sale of cloth was maintained nor were receipts for price issued. It could not therefore be veri that the sale proceeds were credited in full on the very date of their realisations.

(ii) There was no record to show that stock in hand had ever been verified.

22. *Provident Fund Accounts*—(a) *In ments of loan not recovered each month*—There several accounts in respect of which monthly ins ments of loan were not deducted regularly month. Instalments were deducted from the of subscribers with a gap of several months. many cases the last instalment on account of of interest had not yet been recovered as quired by rule XVI·9 (3) of the Municipal Acco Code.

(b) Registers in form P. F. 6-A (Provid Fund investments interest account) and P. F (Provident Fund investment depreciation f account) were not written up for the last years.

23. *Higher Audit Suggestion—Site of f market*—Thirty kanals, 17 marlas and 3 square of land was purchased for construction of fr market in 1940 at an approximate cost of Rs lakhs. Besides this, a large sum was spent the construction of some buildings on this la As the market has not yet been completed, business of fruit market has not been shifted fr the present market and thus there is no ret

r this huge investment. On the other hand there danger of deterioration of unoccupied buildings ot to speak of the extra expenditure involved in e maintenance of the watch and ward establishent. It is, therefore, suggested that early action hould be taken to complete the scheme, in order at the investment might become remunerative.

24. *Conclusion*—Several over-payments and ort recoveries were detected in audit (paragraph). Lack of proper internal check facilitated misppropriation (paragraph 6 (*b*) and (7)). Water rate accounts continue to be far from satisfactory (paragraph 18). There were several avoidable payments (paragraph 10).

Disposal of last audit note is still awaited.

I take this opportunity to thank the Chief Officer and other heads of departments for the co-operation extended by them to the audit staff.

2. The Colonization of Government Lands (Punjab) Act, 1912, is applicable to the lands to be sold till proprietary rights are obtained by the due observance of all conditions of the sale.

3. The area (more or less) of the lands, the distributaries extended to them, and the boundaries, are given in the Schedule of Lots :—

(*a*) The lands will be sold in lots numbered, as shown in the Schedule of Lots, and in the maps in the office of the Colonization Officer, Nili Bar Colony, Pakpattan. The schedule and maps bear the signature of the Colonization Officer, Nili Bar Colony. The number and approximate size of the lots in each estate are set forth in the Schedule of Lots.

(*b*) Distributaries of the Pakpattan Canal have been extended to these lands, and plans signed by the Executive Engineer concerned, are open to inspection, free of charge, at the office of the Colonization Officer, Nili Bar Colony, Pakpattan. These plans show the extent to which these lands are believed to be irrigable from the above-mentioned channels. The supply of water in the Canal will probably irrigate the land, but Government does not hold itself, in any way, responsible for supplying any water to any of the said lands, or for the correctness of the said plans, and no failure or error in these respects shall be a ground for, avoiding the sale, or claiming compensation.

(*c*) Underwood and all other products whatever, of the said lands, will be included in the sale, save and except all trees, mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said lands.

(*d*) The price of trees will be recovered from the purchasers of the said lands on the basis of a special valuation, assessed by the Colonization Officer. It will be payable with the first instalment of the purchase money of the land. If the purchaser does not accept this valuation, he will let the Colonization Officer, or any person authorized by him, remove all the trees, etc., leaving the roots behind. The purchaser shall not be entitled to claim any compensation for any damage or loss caused in the cutting, stacking or removal of the wood.

4. No person shall be permitted to bid at the auction on behalf of any other person, whether present or absent, unless he deposits with the Presiding Officer a duly executed and registered power-of-attorney (Article 48, Schedule I, Stamp Act), specially authorizing him so to bid, and generally to represent such other person, at the auction. No minor shall be allowed to bid.

5. In no circumstances, will any exchange be made of the land sold, nor does Government accept any liability for the correct identification by the bidder of the land sold. Lots can be identified on the grou[nd with] the help of survey marks, and the plans allude[d to in] paragraph 1 above. Patwaris will show visitors rou[nd at] any time between the date of this notice and th[e date] of sale and they will be under the supervision of [the] gos, posted in their circle. If any difficulty [arises,] application should be made to the Colony Naib-Tah[sildar] noted in the schedule of Lots as in charge of the are[a].

6. The land will be sold subject to a reserve [price] and the confirmation of Government will be re[quired] before any bid is finally accepted; and Gover[nment] reserves the right to withdraw any plot from a[uction] or to alter its size, without previous notice, or to [reject] the highest or any bid.

2. The Colonization of Government Lands (Punjab) Act, 1912, is applicable to the lands to be sold till proprietary rights are obtained by the due observance of all conditions of the sale.

3. The area (more or less) of the lands, the distributaries extended to them, and the boundaries, are given in the Schedule of Lots :—

(*a*) The lands will be sold in lots numbered, as shown in the Schedule of Lots, and in the maps in the office of the Colonization Officer, Nili Bar Colony, Pakpattan. The schedule and maps bear the signature of the Colonization Officer, Nili Bar Colony. The number and approximate size of the lots in each estate are set forth in the Schedule of Lots.

(*b*) Distributaries of the Pakpattan Canal have been extended to these lands, and plans signed by the Executive Engineer concerned, are open to inspection, free of charge, at the office of the Colonization Officer, Nili Bar Colony, Pakpattan. These plans show the extent to which these lands are believed to be irrigable from the above-mentioned channels. The supply of water in the Canal will probably irrigate the land, but Government does not hold itself, in any way, responsible for supplying any water to any of the said lands, or for the correctness of the said plans, and no failure or error in these respects shall be a ground for, avoiding the sale, or claiming compensation.

(*c*) Underwood and all other products whatever, of the said lands, will be included in the sale, save and except all trees, mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said lands.

(*d*) The price of trees will be recovered from the purchasers of the said lands on the basis of a special valuation, assessed by the Colonization Officer. It will be payable with the first instalment of the purchase money of the land. If the purchaser does not accept this valuation, he will let the Colonization Officer, or any person authorized by him, remove all the trees, etc., leaving the roots behind. The purchaser shall not be entitled to claim any compensation for any damage or loss caused in the cutting, stacking or removal of the wood.

4. No person shall be permitted to bid at the auction on behalf of any other person, whether present or absent, unless he deposits with the Presiding Officer a duly executed and registered power-of-attorney (Article 48, Schedule I, Stamp Act), specially authorizing him so to bid, and generally to represent such other person, at the auction. No minor shall be allowed to bid.

5. In no circumstances, will any exchange be made of the land sold, nor does Government accept any liability for the correct identification by the bidder of the land sold. Lots can be identified on the ground by the help of survey marks, and the plans alluded to in paragraph 1 above. Patwaris will show visitors round at any time between the date of this notice and the date of sale and they will be under the supervision of Kanungos, posted in their circle. If any difficulty arises, application should be made to the Colony Naib-Tahsildar noted in the schedule of Lots as in charge of the area.

6. The land will be sold subject to a reserve price and the confirmation of Government will be required before any bid is finally accepted; and Government reserves the right to withdraw any plot from auction, or to alter its size, without previous notice, or to refuse the highest or any bid.

Issued at Pakpattan, by the undersigned, this 19th day of January 1945.

Communications Board, Punjab.

APPENDIX I

To consider distribution of grant to the District Borads for special repairs to their roads damaged by recent floods of 1944.

The unprecedented rains in the monsoons of 1944 in some parts of the Province led the Communications Board which met on the 19th August 1944 to put in a demand for Rs. 70,000 (Rs. 20,000 for 1944-45 and Rs. 50,000 for 1945-46) to enable it to sanction grants-in-aid to those District Boards whose roads may be severely damaged. These amounts were fixed as a rough guess only in anticipation of the District Boards demands which had not been received by the time the meeting was held. The Board also decided that grants for special repairs would be given on 50 per cent basis.

Consequently the District Boards were requested to submit applications and estimates for grants-in-aid towards special repairs to their class II Roads. They have been received from all District Boards with the exception of a few. The total amount of damage done is estimated to cost Rs. 11,82,587 against which a total grant of Rs. 10,84,251 has been demanded.

The majority of the estimates forwarded by the District Boards rela e to either original works or ordinary repairs and consequently the amounts due to genuine damages on account of abnormal heavy rains or floods are much less than the funds demanded. A brief note stating the details of special repairs required in each district is enclosed.

The total amount of the cost of essential works and the funds proposed to be allotted to each District Board are shown in statement No. 1. It will be seen from the statement that the total amount of funds proposed to be granted to the various District Boards amount to Rs. 2,84,100. As the detailed estimates for the works are still to be prepared in most cases, it would take a long time before the works can be actually taken in hand. It is therefore proposed to allot Rs. 26,750 only for

expenditure during the year 1944-45. Rupees 1,87,350 shall be required for expenditure during 1945-46 and Rs. 70,000 during 1946-47.

Rupees 20,000 have already been authorised to be spent, towards grant-in-aid for special repairs during the year 1944-45. It is expected that the balance of Rs. 6,750 would be available from the savings on maintenance.

For the year 1945-46, provision has been made for Rs. 50,000. As the anticipated expenditure is Rs. 1,87,350 the excess being mainly due to the abnormal rains in Kangra district, provision for the balance will have to be made in the supplementary demand during the year 1945-46.

Hissar—This District Board has sent in the following two estimates totalling Rs. 5,846 and has asked for a cent per cent grant-in-aid. The works consist of earthwork, kankar collection and consolidation, repairs to berms and jungle clearance. Part of the works is classifiable as original work and part as repair work, hence no grant-in-aid is suggested.

	Rs.
1. Special repairs to the Hissar-Ratera-Tosham Road from Tosham side miles 1 and 2 ..	1,028
2. Special repairs to the Hissar Ratera-Tosham Road from Hissar side miles 11 to 21 ..	4,818
Total ..	5,846

Rohtak—The District Board of Rohtak has intimated a damage to the extent of Rs. 60,000 to the following two roads and has requested for a cent per cent grant-in-aid :—

	Rs.
1. Special repairs to miles 14, 16 and 19, Rohtak-Gohana Road ..	15,000
2. Special repairs to miles 1, 5, 6, 8, 9 and 11 Chuchakwas-Salhawas Road ..	45,000
Total ..	60,000

Estimates for these works have not so far been received, but in the application for administrative approval, C. B. Form 1, the District Board has stated that simple renewal of surface is needed. The work seems to be of ordinary routine nature and hence no grant is suggested.

Gurgaon—The District Board of Gurgaon has sent in a list of the following ten works estimated to cost Rs. 29,974 and has asked for a cent per cent grant-in-aid :—

Special repairs to—

	Rs.
1. Palwal-Hathin road ..	988
2. Nuh-Taoru road ..	6,000
3. Palwal-Solra road ..	1,496
4. Taoru-Bahora road ..	1,631
5. Punahana-Pinangwan Nagina road ..	9,182
6. Palwal-Girwari road ..	4,943
7. Ballabgarh-Tigaon road ..	504
8. Palwal Chhainsa road ..	1,670
9. Rewari-Kotquasam road ..	2,475
10. Punahana-Biwan road ..	1,085
Total ..	29,974

No estimates for these works have been received. It has, however, been stated that the roads have been damaged and earthwork washed away with the result that water stands over long stretches. The roads in the district are generally lower than the surrounding fields and are therefore liable to become regular channels in rainy season. As the repairs suggested are of an ordinary nature, no grant is recommended.

Karnal—No application for grants has been received

Ambala—This District Board has sent in a list of three works as detailed below and has asked for a cent per cent grant of Rs. 7,000.

Estimates for these works have not been received but in the application for a cent per cent grant it is stated that road No. 1 has been washed away in many places and half mile of mile 17 requires to be reconsolidated and tarred. As Barara Kala Amb is a very important road it is recommended that 50 per cent grant be allowed for it, Rs. 500 be allowed for expenditure during the year 1944-45 and Rs. 2,000 during next year. Roads Nos. 2 and 3 are kacha roads. These are stated to have been damaged in a few places. Their repair should be attended to by the District Board out of their ordinary grants.

Special repairs to—

	Rs.
1. Barara-Sadhaura-Kala Amb Road ..	5,000
2. Jagadhri-Bilaspur Road ..	1,500
3. Ambala-Kharar Road	500

Simla—No application for grant-in-aid has been received.

Kangra—A list of bridges damaged by the floods of 44 monsoons are given in Statement No. II. Total it demanded by the District Board is Rs. 2,94,850 (Rs. 1,14,350 for bridges on Class II Roads and Rs. 1,80,500 for bridges on Class III Roads). The Commissioner, Jullundur Division, has strongly recommended a cent per cent grant. The damaged Class II Roads have been inspected by the Secretary with the District Engineer and a copy of his inspection note is attached as Statement No. III. Practically all the important bridges have been washed away. A programme of their reconstruction during the next 3 years has been worked out and the funds required during 1944-45, 1945-46 and 1946-47 are shown in Statement No. IV. It is recommended that on account of exceptional circumstances cent per cent grant be allowed to this District Board as recommended by the Commissioner.

Hoshiarpur—This District Board has sent in 4 estimates aggregating Rs. 8,456 as detailed below and has asked for a cent per cent grant-in-aid. The District Board has expressed its inability to take these works in hand owing to acute financial stringency this year or next year unless cent per cent grant is given :—

	Rs.
1. Special repairs to the Balachaur-Rupar road.	2,203
2. Special repairs to the Garhshankar-Nawanshahr road.	2,081
3. Special repairs to Guzar Nangal-Anandpur Kirtpur road.	2,198
4. Special repairs to Una-Guzar Nangal road.	1,974
Total ..	8,456

The estimates mainly consist of items of earthwork 2' to 3'. The works seem to be more of the nature of original work than special repair work, hence no grant is suggested.

Jullundur—This District Board has sent in 4 estimates as detailed below and has asked for a cent per cent grant of Rs. 9,639 :—

		Rs.
1.	Special repair to Jullundur-Hoshiarpur road.	3,147
2.	Special repairs to Nakodar-Nurmahal road miles 5 to 8.	2,029
3.	Special repairs to Nakodar-Phillaur road mile Nos. 7 to 9.	1,820
4.	Special repairs to Nurmahal-Jullundur road miles 1 to 4.	2,643
	Total ..	9,639

The berms of roads Nos. 2 and 4 have been totally washed and consequently the roads have become dangerous for vehicular traffic. It is essential that the roads are restored to their previous condition. The total amount of these estimates comes to Rs. 4,672 and a 50 per cent grant of Rs. 2,000 is suggested. Rs. 1,000 be granted this year and the balance next year.

Ludhiana—This District Board has intimated a damage to the extent of Rs. 4,400 to the following class II roads :—

		Rs.
1.	Akhara-Hatur road ..	3,000
2.	Ludhiana-Mattewara ..	1,000
3.	Ludhiana-Sarabha ..	400
	Total ..	4,400

The works mainly consist of earthwork which is partly classifiable as original and partly as ordinary repair work ; hence no grant is suggested. No estimates have been received.

The District Board has also reported a damage to the extent of Rs. 6,300 to its class III roads as detailed below. No grant for these roads is admissible :—

		Rs.
1.	Samrala-Bahlolpur ..	1,000
2.	Machhiwara-Garhi ..	500
3.	Sarabha-Raikot ..	2,500
4.	Khanna-Isru ..	700
5.	Khanna-Bhari ..	600
6.	Samrala-Chawa ..	1,000
	Total ..	6,300

Ferozepore—No applications for grants-in-aid have been received.

Lahore—This District Board has sent in a list of 15 class II and 11 class III roads which have been damaged by heavy rains. The estimated cost of repairing the damage as given by the District Board is Rs. 11,346 for class II and Rs. 5,900 for class III roads. The works consist entirely of items of earthwork and are of either original or repair works nature and hence no grant is suggested.

Amritsar—The District Board has reported damage to the embankment berms of the following roads and has asked for a 100 per cent grant-in-aid :—

		Rs.
1.	Amritsar-Ferozepore road miles 8, 9, 10 and 12.	3,600
2.	Amritsar-Gujranwala road miles 8, 9, 10 and 11.	2,500
3.	Attari-Chowgenwen road miles 1 to 7.	1,500
	Total ..	7,600

The repairs needed are in the nature of earthwork re- quired for berms which the District Board should attend out of the annual repairs. No grant is recommended.

Gurdaspur—There are 194 miles of class II un- metalled roads in this district and the entire length is reported to have been damaged by heavy rains. The cost of restoring these roads is roughly estimated to be Rs. 1,00,000 and a per cent grant has been asked for. The works seem to be of either ordinary repair or original work nature hence no grant is suggested.

This District Board has also submitted an esti- mate for repairs to 4 culverts in miles 13, 20, 21 and 22 of the Pathankot-Shakargarh road estimated to cost Rs. 1,940 and has asked for a 50 per cent grant- in-aid. The work is of the nature of ordinary repair and hence no grant is suggested.

Sialkot—This District Board has sent in a rough estimate for Rs. 33,400 for special repairs to almost all class II roads in the district and has asked for 50 per cent grant-in-aid. The works consist of filling cuts and breaches and widening road bank damaged by heavy rains, and are of the nature of ordinary repairs. No grant is recommended.

Gujranwala—This District Board has sent in the following estimates and has asked for a cent per cent grant-in-aid—

		Rs.
1.	Special repairs to Wazirabad Ram-nagar-Vanike Jalalpur road ..	7,500
2.	Eminabad-Nangal Duna Singh road	3,700
3.	Gujranwala-Kalaske-Akalgarh road	5,000
4.	Gujranwala-Naushera Jandiala Sherkhan road	5,000
	Total ..	21,200

The works consist of 2' earth filling and repairs to culverts and as such are classifiable as original and repair works and hence no grant is suggested.

Sheikhupura—No application for special repair grant has been received.

Gujrat—This District Board has sent in the follow- ing 11 estimates totalling Rs. 26,322 and has asked for a cent per cent grant-in-aid—

		Rs.

10.	Phalia-Kadirabad road ..	1,200
11.	Gujrat-Sheikhupura road ..	3,500
	Total ..	26,322

The works partly consist of earthwork and partly repairs to culverts and bridges and most of them fall under head "Development". No grant is recommend- ed.

Shahpur—This District Board has sent in 26 estimates aggregating Rs. 2,95,789 and has asked for a 100 per cent grant-in-aid. Out of these 26, 16 estimates relate to class II roads and total Rs. 2,12,767, as follows. Most of these estimates contain provision for earthwork for restoring or raising the embankment. As it is not necessary to raise the embankments in all cases, a grant should be given for raising the road only where it is absolutely necessary. Item No. 1 Kathwai-Uchhali Road leads to Sakesar and is a hill road. Its restoration is necessary. It is recommended that a grant of Rs. 10,000 for Kathwai-Uchhali Road and Rs. 25,000 for all other roads to be selected by the District Board be allowed, Rs. 7,000 be granted this year and Rs. 28,000 next year—

Jhelum—The District Board of Jhelum has reported damage to the extent of Rs. 50,273 to the following class II roads and has asked for an 80 per cent grant-in-aid. No estimates have been received. Work on some of the roads consist mainly of earthfilling which may be done by the District Board out of the ordinary grants. Some are, however, hill roads which would require retaining walls and culverts. It is recommended that a 50 per cent grant be allowed on estimates of Rs. 15,000 as suggested against the various items. Rupees 1,750 be allowed this year and the balance next year.

Rawalpindi—A list of works totalling Rs. 41,200 is attached as Statement No. V. All of these works are urgent and require to be carried out with the least possible delay with a view to restore road communication in the district. A 50 per cent grant of Rs. 20,600 is recommended. Rs. 5,000 may be sanctioned this year and the balance next year.

	Total ..	32,100

No estimates have been received but works Nos. 2, 3 and 5 appear to be original works. This District Board is usally paid cent per cent grant-in-aid. It is therefore suggested that a cent per cent grant for works costing Rs. 10,000 be sanctioned, out of which Rs. 2,000 be given for 1944-45 and the balance of funds next year.

Mianwali—No application for grant-in-aid has been received.

Montgomery—This District Board has sent in estimates for Rs. 57,048 for class II and class III roads and has asked for a 100 per cent grant-in-aid. Estimates for class II roads amount to Rs. 15,879 and the items of works consist mainly of repairs to ramps of bridges and culverts. A 50 per cent grant of Rs. 2,000 may be sanctioned for this district during 1944-45. The works may be selected by the District Board.

No grant for class III roads for which estimates amounting to Rs. 41,169 have been received is admissible.

Total ..	9,56[illegible]

Estimate No. 4 is for original work and hence [illegible] grant for this can be paid. Works Nos. 1 and 3 [illegible] petty works and can be executed by the Dist[rict] Board out of its own funds. A cent per cent gra[nt] Rs. 5,000 may be sanctioned for Work No. 2, estim[ate] being reduced to that amount as this District Bo[ard] has expressed its inability to provide any am[ount] out of its own funds, Rs. 2,000 may be granted [illegible] year and the balance next year.

APPENDIX II

Post-war Road Development Scheme

In any well organised society, all aspects of human activity must be carefully planned, controlled and co-ordinated. This is as true in the case of roads, as any other social service or hunman activity.

2. How important roads are for every activity of human society, will be realized when it is remembered that every grain of food grown has to be transported from the field before it reaches the consumer. Every manufactured article both in its raw state and after it has been manufactured has to be transported before it can be made available to the consumer for consumption. . Every social service rendered to the community such as Education, Medical relief, Public Health, etc., requires good roads for reaching each village before it can give any relief to the people. It is, therefore, not surprising that His Excellency the Viceroy while addressing the Associated Chambers of Commerce at Calcutta, at their annual meeting, gave to roads the highest priority out of all social services.

3. In this country the basis of our economy has so far been mostly agrarian, 85% of our population live on the land. While this may have worked successfully in the past, with a low standard of living, lesser density of population and comparative isolation with arise in the general standard of living in the rest of the world and an increase in the density of population of the country we have past the optimum for a total agricultural base for our economy. India must, therefore, industrialise and take people off the land, giving them employment in industries and social services while industrialisation is essential to solve the economic problem of the country, it is well to remember that for a long time to come, agriculture will still occupy an important position in our economy.

4. In working out any social services for this country, therefore, more so that of roads, it is necessary that the future needs with regard to both industries and agriculture must be taken into account. This has been done as far as possible in working out the future road system for this province. A survey of the future industrial and agricultural needs of the country during the next decade was carried out and the roads planned to cater for these needs.

Existing position of roads in the Punjab.

5. In the Punjab we have at present 6,078 miles of metalled and 24,580 miles of unmetalled classified roads. This gives us a figure of one mile of road to every 4½ square miles of the area of the land. The true position with regard to roads will, however, be realized when it is remembered that out of 30,638 miles of roads in the Punjab, there are only 6·078 miles of metalled roads which have any semblance to their prototype in other countries. The rest are mere tracks which are almost impassable during the best part of the year. This would give us only one mile of metalled road to 22¾ square miles of the area of the land, which is not so encouraging.

Post-war Road Development Scheme.

6. The future road system for this province as envisaged in the Post-war Development Scheme being evolved for the Punjab falls under two heads, depending upon the service each is to render to the community:—

(a) Arterial Road System ;

(b) Rural Road System.

They are by no means two entirely independent systems, but are supplementary to each other. Yet both of them have distinct functions to perform and are in the main responsible for meeting a particular need of the community.

The Arterial Road System for instance is meant to cater for the needs of the urban population. It will look after the future needs of our trade and industry in addition to the social and administrative needs.

The Rural Road System on the other hand, in conjunction with the Arterial Road System will look after the agricultural needs of the country and help the villagers to collect their agricultural produce from the land and take it to the nearest markets for disposal and enable them to bring back with them manufactured goods and agricultural necessities for their every day life.

Classification of roads.

7. It is proposed that the roads in the future road system for the province should be divided into the following classes according to their functions. These are in accordance

with the recommendations of the Nagpur Conference and accepted by the Government of India :—

1. *National Highways*—Primary routes of communications in India, forming the frame-work on which the system of road communications of the country would be based. They would be inter-provincial roads running throughout the length and breadth of the country, connecting capitals of provinces and large states, ports and Foreign Highways.

National Trails—These would be primary routes of communications in such areas of the country where the traffic is not likely to be very great but still a through communication is required from regional considerations providing cross-connections between the National Highways".

These routes would be fit for vehicular traffic but need not be of the same specification as the National Highways.

2. *Provincial Highways*—Other main arteries of trade and commerce traversing the length and breadth of the province. They, with the National Highways, will form the main system of road communications within the province, connecting the District Headquarters and other important towns and providing the necessary connection with the Highway System of the adjoining territories.

3. *District Roads (Major)*—Roads of district importance connecting towns and Mandis within the district, with each other and providing links between the National and Provincial Highways.

4. *District Roads (Minor)*—Roads of rural importance taking traffic right into the heart of the country and connecting rural areas of population to their market towns and connecting those with each other or the Highways and Railways.

5. *Village Approaches*—Roads connecting individual villages or a number of villages to each other giving access to the nearest rural or arterial roads.

Arterial Road System.

8. It is anticipated, that roads included in the first three categories up to Major District Roads, which will form the Arterial Road System for the Province, will be such which would carry traffic in both directions. They would, therefore, be of suitable widths and specifications for two lane traffic. They would in most cases be metalled and surfaced and in some cases of high specifications such as concretes both asphaltic and cement, depending upon the intensity of traffic upon them.

Rural Road System.

9. The rural roads belonging to categories (4) and (5) which would form the Rural Road System for the Province, on the other hand would be such as would carry seasonal traffic in one direction, both with regard to the time of the year and the time of the day, depending upon whether the produce is being carried to the market, or the villagers are on their way out for the day's work, or returning home towards the evening. The traffic on these roads would, therefore, be mostly in one direction. It is anticipated that these roads would be of such widths and specifications as would accommodate one lane of traffic with occasional crossings in the opposite direction. They would be of lower specifications, such as trackways or stabilized soil roads, depending upon the intensity of traffic and the importance of the roads.

Target of our future road scheme.

10. In designing the future road system for this province the target kept in view has been that all towns with a population of 5,000 souls and over will be connected by a metalled road, and that there will be no village in the province which will be more than a mile to a mile and a half away from an all weather road. In order to achieve this target, it is anticipated, that it will be necessary to build at least six thousand miles of arterial roads and eighteen thousand miles of Rural Roads.

It would be a programme of construction capable of being executed within ten years of the cessation of hostilities. It will cost roughly 40 crores of rupees to build and it is hoped that this will give a system of roads which will be capable of meeting all future needs of our Trade, Industry and Agriculture and social and economic development to be anticipated in the future.

11. The future world pattern as we see it emerging to-day, incorporates the coalescing together of individual interests to common wider purpose. With the growth of consciousness to plan the economic and social life of the community as a whole, the trend in post-war planning in all countries seems to be to plan on regional basis, irrespective of the existing boundaries of administrative units. This ultimately leads to most economical planning in the interest of the community as a whole. This is as true in the case of roads as any other economic planning or planning of any other social service. In working out the future road system of the country, therefore, it is essential that the limitations of the existing administrative units must be overcome.

Nagpur Conference.

12. The Government of India realising the importance of roads to the future development of the country, called a meeting of all the Chief Engineers of the provinces and the States throughout India in December 1943, to pool knowledge and to evolve the future road policy of the country.

13. The Conference made the greatest single contribution towards post-war reconstruction and stressed the importance of roads to its future development. It urged the powers to be to give roads the highest priority in the post-war development out of all social services.

14. It was decided at the conference that if we are to claim for roads a very high priority, it was essential that we should have a complete scheme of post-war development of roads in this country ready in detail as soon as possible. With this in view the necessary standards of planning, estimating and execution were laid down. Other problems such as demobilization, securing of machinery, etc., in relation to roads were also studied.

15. While it was realized that the correct planning of the future road system of the country was very important, the fact that efficient execution of this tremendous programme was even more vital and would perhaps present much greater snags and difficulties, was not forgotten. The difficulty of obtaining materials, the necessary technical staff and the machinery required for construction was realized.

16. The Conference was of the opinion that if the work is to be carried out economically and efficiently, there must be certain amount of decentralization of the executing authority with a central control to co-ordinate planning and watch standards, secure priority in materials and machinesy, etc. The decentralization was to be to the extent of allowing only efficient and well organized units of construction, sufficiently large to enable the use of big plant and machinery and efficient technical staff.

17. It was stressed that the experience of the small executing units such as the District Boards, etc., had been most unfortunate in the past and they must, therefore, be eliminated. The provinces and the larger states were, therefore, the smallest units that should be entrusted with the execution of the work.

18. The Conference also considered the very important question of the future administration of roads and finance.

19. The Punjab's proposals of post-war development of roads conform with the recommendations of the Nagpur Conference.

Machinery.

20. It would be appreciated that for such a heavy programme of road construction, greater use of road making machinery than hithertofore, will be necessary if the work is to be

completed economically, and within a reasonable time. This wou'd further ensure a comparatively better and more uniform standard of work.

21. Further, our existing machines, whatever we have of them, would not be in a fit condition to be used for another heavy programme of road construction due to their having been over-worked already during the war with no possibility of repairs. In addition, the rush of new construction simultaneously all over the country and in all the countries of the world, will make the position with regard to machinery most difficult.

It is necessary, therefore, that we must take stock of our requirements in the post-war period with regard to road making machinery now and try to secure whatever is available.

Administration.

22. It was recommended by the Nagpur Conference that the National Highways should be the entire responsibility of the centre as against the Provincial Highways and the District Major Roads in the arterial road system which are proposed to be the responsibility of the provinces and states concerned, as the latter cater for the regional as against the National interest of the area through which they pass. It will be recognised that considerable amount of co-ordination will be necessary in the design as well as the execution of all these roads. It is, therefore, proposed that the provinces and the States would design the road systems within their territories and the schemes would be submitted to the Government of India, who would secrutinize them on their behalf and co-ordinate wherever necessary.

23. The Rural Road System on the other hand, which only caters for the local needs of the area against the regional needs, has to be the entire responsibility both with regard to design and execution and financing, of the administrative units within which the areas lie. Certain amount of co-ordination will be necessary even in their design, particularly with regard to border line areas. But this co-ordination will normally be forthcoming and could easily be effected by mutual consultation.

Finance.

24. It is obvious that such a comprehensive scheme of road development can only be financed from loans. The history of roads will show that, so far, in no other country of the world, a comprehensive scheme of road development like this has ever been financed from revenue. In view of the fact that the roads add to the National wealth of the country and form a permanent assets, the principle that all future road development should be financed from loans on the assets of the country needs to be recognised. Most of these loans in that case could be perpetuity loans.

25. The way in w'ich the road financing has been viewed in the past, has been prejudicial to its case. The roads in India, even with the poor and undeveloped conditions of the transport in this country, have been yielding anything up to 12 crores of rupees, out of which no more than 6 crores has ever gone back on the roads in the form of their maintenance and improvements, the rest having been contributed towards the general revenues. If the financial aspect of the road has to be viewed in its correct perspective, it is only fair to claim for it the total return from the road, which should be taken into account in working out its financial aspect. It will be seen that when the total return from the roads is taken into account, roads are financially as paying a proposition as any other commercial scheme and the financing of roads then presents no difficulty.

26. In view of the fact that the major portion of the return from the roads goes to the Government of India in the form of petrol tax and import, duty, etc., it is hoped that we may see a larger proportion of the return from it back on the road and further that Government of India would provide facilities for the Pro- vincial Governments to obtain cheap money for financ- their schemes.

27. As far as the Punjab is concerned, we feel con- vinced that the only method of financing the scheme would be by loans. The position, however, is to certain extent complicated by the fact that there are number of administrative unit concerned in the scheme. But this difficulty need not be exaggerated as it can easily solved by a correct approach to the problem.

28. If this scheme of road development in the coun- try has to become an actual reality, it is felt that the only method of financing it would be to capitalize the total return from the road to raise funds for the cost of its construction.

amount of co-ordination will be necessary even in their design, particularly with regard to border line areas. But this co-ordination will normally be forthcoming and could easily be effected by mutual consultation.

24. It is obvious that such a comprehensive scheme of road development can only be financed from loans. The history of roads will show that, so far, in no other country of the world, a comprehensive scheme of road development like this has ever been financed from revenue. In view of the fact that the roads add to the National wealth of the country and form a permanent assets, the principle that all future road development should be financed from loans on the assets of the country needs to be recognised. Most of these loans in that case could be perpetuity loans.

Finance.

25. The way in which the road financing has been viewed in the past, has been prejudicial to its case. The roads in India, even with the poor and undeveloped conditions of the transport in this country, have been yielding anything up to 12 crores of rupees, out of which no more than 6 crores has ever gone back on the roads in the form of their maintenance and improvements, the rest having been contributed towards the general revenues. If the financial aspect of the road has to be viewed in its correct perspective, it is only fair to claim for it the total return from the road, which should be taken into account in working out its financial aspect. It will be seen that when the total return from the roads is taken into account, roads are financially as paying a proposition as any other commercial scheme and the financing of roads then presents no difficulty.

26. In view of the fact that the major portion of the return from the roads goes to the Government of India in the form of petrol tax and import duty, etc., it is hoped that we may see a larger proportion of the return from it back on the road and further that Gov-

and vaccinators, and he will be glad to assist lo[cal] bodies and others to obtain the services of suitab[le] candidates to fill these posts.

The land will be sold upon the conditions of sale obtainable free of charge, from the said offices unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority.

2. The Colonization of Government Lands (Punjab) Act, 1912, is applicable to the lands to be sold.

3. The area (more or less) of the lands, the distributaries extended to them and the boundaries are given in the Schedule of Lots—

(*a*) The lands will be sold in lots numbered, as shown in the Schedule of Lots, and in the maps in the office of the Colonization Officer, Haveli Project. The schedule and maps bear the signature of the Colonization Officer, Haveli Project. The number and approximate size of the lots in each estate are set forth in the Schedule of Lots. A lot may be divided in two or more portions at the time of auction by the Colonization Officer.

(*b*) Distributaries of the Lower Chenab Canal have been extended to these lands and plans, signed by the Executive Engineer concerned, are open to inspection free of charge, at the office of the Colonization Officer, Haveli Project Colony. These plans show the extent to which these lands are believed to be irrigable from the

above mentioned channels. The supply of water in the canal probably irrigate the land but, Government does not hold itself in any way responsible for supplying any water to any of the said lands, or for the correctness of the said plans and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

(c) Underwood and all other products whatever of the said lands, will be included in the sale, save and except all trees, mines, minerals, coals, gold-washings, earth oil and quarries in or under the said lands.

(d) The price of trees will be recovered from the purchasers of the said lands on the basis of a special valuation, assessed by the Colonization Officer. It will be payable with the balance of the purchase money of the lands. If the purchaser does not accept this valuation, he will let the Colonization Officer, or any person authorized by him, remove all the trees, etc., leaving the roots behind. The purchaser shall not be entitled to claim any compensation for any damage or loss caused in the cutting, stacking or removal of the wood.

4. Only the grantees of the chak in which the land is situated will be permitted to bid at auction. But the Colonization Officer may accept the bid of any other person, who without sacrificing the recognised principle that colony chaks should be homogeneous in character, is considered by the Colonization Officer to be a fit person to own land in the chaks, e.g., members of the same community as the existing grantees of the chak. The Colonization Officer may further restrict bidding in the case of lots entirely surrounded by allotted land and not exceeding ½ square in area to the proprietors or grantees of adjoining lands.

5. No person shall be permitted to bid at the auction on behalf of any other person, whether present or absent, unless he deposits with the Presiding Officer, a duly executed and registered power-of-attorney (Article 48, Schedule I, Stamp Act, especially authorizing him to so bid, and generally to represent such other person at the auction. No minor shall be allowed to bid.

6. The purchaser shall, on the day when he is declared the highest bidder and his bid is provisionally accepted, pay a deposit of twenty per cent of the amount of the bid towards payment of his purchase money in case his bid should be finally accepted by Government. At the same time he shall sign the written form of offer at the foot of the conditions annexed.

7. Subject as aforesaid, the highest bid accepted by the Presiding Officer will be communicated to Government, which may either accept or refuse it but the Presiding Officer may refuse to receive any bid.

8. If the bid is accepted by Government, the purchaser shall complete the sale within six weeks from the date of the confirmation of the sale by Government. The purchaser shall obtain a deed of grant drawn up in the prescribed form from the office of the Colonization Officer, Haveli Project Colony, and shall, at least seven days before the date fixed for the completion, return the deed to the said office duly stamped at his own expense and ready for execution. The deed shall then be executed both by the purchaser and the Colonization Officer.

9. As soon as may be after the execution of the deed the purchaser shall cause the deed of grant to be registered at his own expense. Upon completion of the registration, and then only, the purchaser shall be placed in possession of the property.

10. Should any purchaser fail to observe of comply with any of the foregoing conditions, his deposit shall be forfeited to the Crown, which may have the property resold either by public auction or by private contract Any deficiency of price which may result on such resale shall be made good and paid by the defaulting purchaser.

11. In no circumstances will any exchange be made of the land sold, nor does Government accept liability for the correct identification by the bidder of the land sold. Patwaris will show visitors round at any time between the date of this notice and the date of sale and they will be under the supervision of Kanungos, posted in their circle. If any difficulty arises, application should be made to the Colony Naib-Tahsildar, noted in the Schedule of Lots as incharge of the area, who will manage it immediately.

12. The land will be sold subject to a reserve price and the confirmation of Government will be required before any bid is finally accepted, and Government reserves the right to withdraw any plot from auction, or to alter its size, without previous notice, or to refuse the highest or any bid.

The purchaser shall obtain a deed of grant drawn up in the prescribed form from the office of the Colonization Officer and shall at least seven days before the date fixed for the completion, return the deed to the said office duly stamped at his own expense and ready for execution. Notice

BE it known to whom it may concern that by means of a registered Deed of Partition, dated 5th March 1943, I, Inder Singh, son of Sardar Sunder Singh, Kartar Singh, son of S. Sunder Singh and our father Sardar Sunder Singh made a partition of our Joint Hindu Family property and also the Joint Hindu Family business situate in Amritsar and Butari.

We all three, I, Inder Singh, Kartar Singh and S. Sunder Singh above-mentioned and Gian Singh have jointly an interest in the Factory known as Shri Ganga Sugar Mills, situate in Ganga Nagar, Bikaner State, that was kept joint of the partners and is still joint. My share in that concern is one-fourth of our interest in that factory.

Since 5th March 1943 we all are separate from each other and each has nothing to do with the other. A complete disruption of the Joint Hindu Family was made by the said Deed of Partition.

Be it known also to one and all that by the said Deed of Partition S. Kartar Singh above-named was allotted all the outstandings of the family concern known as Jawahar Singh, Sunder Singh and Jawahar Singh and Sons, Butari.

Be it also known to all that the said Kartar Singh alone is liable to pay all the debts due from the above-noted concerns to the creditors. I have no liability to pay any debt of Jawahir Singh, Sunder Singh or of Jawahar Singh and Sons. The said Kartar Singh and Sunder Singh are doing their separate businesses since the date of partition and I, Inder Singh, am doing my own business.

I, Inder Singh, am not liable or responsible for any business of the said Kartar Singh and Sunder Singh. Sardar Kartar Singh after the partition above-mentioned has been doing his business under various names. They were and are his sole concerns. I, Inder Singh, neither had nor have anything to do with them. The business done by Kartar Singh under the name of Kartar Singh Inder Singh also was the sole business of Kartar Singh alone.

GOVERNMENT OF INDIA

WAR TRANSPORT DEPARTMENT

ALL PROVINCIAL GOVERNMENTS AND CHIEF COMMISSIONERS

New Delhi, the 21st April 1945

No. LV-3(10)/44—Enclosed are amendments to the Used Motor Vehicles Control Order, 1944, issued by the Central Government after careful consideration of the opinions received in response to letter No. LV-3 (10)/44, dated 6th September 1944, to all Provincial Governments and Chief Commissioners and letter No. LV3(10)/44, dated 25th August 1944, to all Provincial Motor Transport Controllers :—

Amendments No. I (4) (ii), I (6) (i) and II (2) (ii).

These amendments are intended to check overestimation of the cost of repairs by registered recognized dealers. Provision is now made whereby the original seller gets a full refund of any excess in an estimate of repairs over the actual cost of repairs effected. It is hoped that these provisions will overcome any tendency there may now be amongst owners not to sell purely on account of excessive estimates for repairs.

Amendment No. I (i) introduces the definition "offer to sell" contained in the Hoarding and Profiteering Prevention Ordinance, 1943.

Amendments Nos. I (2), I (7), and I (8) are intended to make the position of the purchaser under a direct sale quite clear. Before these amendments were made, although clause 11 (1) provides that all purchasers of used cars should apply in form E for permits in form D, clause 5 was only very generally worded and made no reference to the purchaser. The position of the purchaser is now clarified and a complete procedure covering the purchaser under a direct sale included in the Control Order.

2. The Central Government do not consider it appropriate to make provision for requisitioning of used cars in a Control Order that regulate voluntary sales. Provincial Governments possess full powers of requisitioning motor vehicles under Defence of India Rule 75-A and should consider the use of those powers in suitable cases where the Used Motor Vehicles Control Order is not producing vehicles necessary for the maintenance of services essential to the life of the community.

3. Care should be taken to ensure that the issue of permits in form D do not greatly exceed the number of used cars available. It is suggested that where a large number of permits in form D are still at large and unsatisfied, it would be advisable for Controllers to cancel them by a guillotine with effect from a stated date, and then to start again. Amendment No. I (5) (ii) gives the necessary power to Controllers.

4. The Central Government has directed under Defence of India Rule 119 (1) that these amendments should be published in the official gazettes of Provincial Governments as well as in the *Government of India Gazette*. As such a direction is a legal obligation upon the Central Government it is requested that it may kindly be complied with so far as publication in the Provincial Gazette is concerned.

D. R. RUTNAM

Joint Secretary to the Government of India

No. LV-3(10)/44—In exercise of the powers conferred by sub-rule (2) of Rule 81 of the Defence of India Rules, the Central Government is pleased to direct that the following further amendments shall be made

in the Used Motor Vehicles Control Order, 1944, namely :—

I. In the said Order :—

(1) In clause 2, after the definition of "Form" the following definition shall be inserted, namely :—

"Offer to sell" shall be deemed to include a reference to an intimation by a person of the price proposed by him for a sale of a vehicle, made by the publication of a price list, by exposing the vehicle for sale in association with a mark indicating price, by the furnishing of a quotation, or otherwise howsoever".

(2) For clause 5 the following clause shall be substituted, namely :—

"5. No person other than a recognized dealer shall sell or otherwise dispose of, or offer to sell or otherwise dispose of, any used vehicle except by sale in accordance with the provisions of this Order to a recognized dealer, or in accordance with a permit in Form B issued by the Controller in this behalf to a person holding a permit in Form D. The Controller may, in his discretion, direct any person to whom a permit in Form B is being granted to offer the used vehicle for sale to certain specified persons out of those to whom permits in form D have been granted. The person obtaining the permit in Form B shall comply with such direction, and may only sell the vehicle to other persons holding permits in Form D, after the persons named in the direction have declined in writing to purchase the vehicle".

(3) Sub-clause (3) of clause 6 shall be omitted.

(4) In clause 9 :—

(i) In sub-clause (1) after the word "replacements" the words "unless it is certified by the Controller in writing to be necessary for carrying on the business of the recognized dealer" shall be inserted.

(ii) to sub-clause (2) the following shall be added, namely :—

" Where the total estimated cost of repairs in column 3 of Form C exceeds the total actual cost incurred in column 4, the recognized dealer shall refund the excess to the person from whom he purchased the vehicle."

(5) in clause 10—

(i) in sub-clause (1), after the words "otherwise dispose of" the words "or offer to sell or otherwise dispose of" shall be inserted.

(ii) in sub-clause (2), the following second proviso shall be inserted, namely :—

(6) In clause 13 :—

(i) In sub-clause (b), for the words and figure "the charges for repairs and replacements, if any, actually carried out by him but not exceeding the estimate therefor made under clause 6" the words, figure and letter "*plus* the estimated charges for repairs and replacements in column 3 of Form C" shall be substituted.

(ii) the proviso shall be omitted.

When the vehicle is sold by a person other than a recognised dealer, the registering authority shall also retain Part II of the permit in Form B".

(8) To clause 19 the following shall be added, namely :—

"The Controller may also by an order in writing direct a person to whom a permit in Form B has been issued to submit to him reports relating to the sale of the vehicle covered by the permit, and such person shall comply with the direction".

II. In the Forms appended to the said Order :—

(1) In Part II of Form B, after the entry "the permit shall remain in force until......." the following shall be inserted, namely :—

"Date..........(Signature)........

Controller........"

(2) In Form C :—

(i) the five columns shall be serially numbered 1, 2, 3, 4 and 5, respectively.

(ii) at the end, the following Note shall be inserted, namely :—

"Note—Where a dealer does not open up an engine for the purpose of accurately estimating repair charges it will be permissible for him to include in his estimated cost of repairs in column 3 a sum not exceeding Rs. 200 for 'unforeseen' items".

(3) In Form D :—

(i) in part I, for the words "any recognized dealer" the following shall be substituted, namely :—

"any recognized dealer or any Holder of Permit in Form B."

(ii) Part II—

(a) for the words "dealer's name" the following shall be substituted, namely :—

"Name of Dealer or Holder of Permit in Form B".

(b) for the words "Dealer's signature" the following shall be substituted, namely :—

ABDUR RASAID
for Secretary, Federal Public
Service Commission

FEDERAL PUBLIC SERVICE COMMISSION

APPLICATIONS are invited from candidates with 'War Service' possessing the requisite qualifications for reserved vacancies in the Indian Civil Service, Indian Police, Burma Civil Service (Class I), Burma Police (Class I) and the Burma Frontier Service. (In the case of candidates of Burman domicile or descent preference will be given to those with war service, but candidates without war service are also eligible). A pamphlet has been printed giving details of the recruitment arrangements, the recruitment regulations, and the conditions of service. For those candidates serving with the Armed Forces special arrangements have been made to supply them with copies of the pamphlet through their units. Qualified candidates not in the Forces can obtain a copy of the pamphlet by application to the Secretary, Federal Public Service Commission, 10, Underhill Lane, Delhi; and also a copy of the prescribed application form. Officers released for service with the civil administration under Special India Army Order No. 12-S-44, who desire to compete for permanent appointment in any of the above services must apply in the same way as 'war service' candidates generally. The qualifications required of intending candidates are broadly speaking as follows. (Full details will be found in the pamphlet). *Age*.—A candidate must have been born on or after August 2nd, 1915 (or August 2nd, 1917, in the case of the Indian Police and the Burma Police) and must have attained the age of 21 (or 19 in the case of the Indian Police and the Burma Police). *Education*.—Candidates educated predominently in the United Kingdom must have received whole-time, continuous and systematic education up to the age of 18 or the date of joining His Majesty's Forces or the Merchant Navy or Mercantile Marine whichever is earlier and if a candidate for the Indian Civil Service, Burma Civil Service or the Burma Frontier Service, must have reached a standard which qualifies him for admission to a university, or if a candidate for the Indian Police or the Burma Police, must have passed the School Certificate or equivalent examination. Candidates educated predominently in India must, if a candidate for the Indian Police, have passed the intermediate or equivalent examination; and, if a candidate for the Indian Civil Service, have obtained a degree of an approved university but this requirement may be relaxed in favour of a candidate who has passed the Intermediate or equivalent examination if the Federal Public Service Commission is satisfied that but for his having undertaken 'war service', he would have continued his education and might have been expected to obtain a degree. Candidates for the Burma Services educated predominently in India or Burma must have passed the Intermediate Examination of an Indian University or of the Rangoon University, or have obtained the Cambridge Senior School Certificate, provided that this requirement may be relaxed if a candidate can show to the satisfaction of the Secretary of State for Burma that he was prevented by the invasion of Burma from obtaining the required qualification. *War Service*.—In respect of candidates resident in India or Burma during the war, whole-time service of the following kind has been recognised as 'war service':—(*i*) service of any kind in a unit or formation liable for service overseas or in any operational area; (*ii*) service in India or Burma under military, munitions or stores authorities with a liability to serve overseas or in any operational area; (*iii*) service involving subjection to Naval, Military or Air Force Law; (*iv*) a period of training with a military unit or formation involving liability to serve overseas or in any operational area; (*v*) service in recognised Civil Defence organisations; and (*vi*) any service connected with the prosecution of the war which a person is required to undertake by competent authority under provision of any law for the time being in force. Applications for the Indian Services should be submitted to the authorities mentioned in the application form within six months of the date of issue of the Regulations, i.e., 1st June 1945, or of the date of a candidate's becoming qualified, whichever is later. Applications for the Burma Services will be accepted only from those candidates who on the date of issue of the Regulations, i.e., 1st June 1945, are qualified in all respects and should be submitted to the authorities mentioned in the application form within six months of this date.

6. The purchaser shall on the day when he is declared the highest bidder and his bid is provisionally accepted, pay a deposit of 50 per cent of the amount of bid, in part payment of the purchase money and sign an agreement, in Form B, hereto annexed, upon stamped paper, of proper value, to be provided at his expense.

8. Upon the expiry of one month from the date on which the would-be purchaser's bid and deposit are provisionally accepted under clause 5 above, simple interest at 4 per cent per annum shall be charged upon the balance of the purchase money for the time being remaining unpaid, until the date of payment. The said interest shall be payable as from the said date in the event of the auction bid having been finally accepted and confirmed by Government.

payment of the instalments. Interest will be calculated on a basis of 12 months of 30 days each, and for purposes of calculation of interest, it will be within the discretion of the Collector to direct that all sums paid on the first fifteen days of a month shall be regarded as having been paid on the 1st day, and all sums paid after the 15th of the month as if they were paid on the last day of the month.

Penal interest at 9 per cent per annum (simple interest) shall be payable on overdue instalments of purchase money.

The payment within the period of three calendar months from the date of the provisional acceptance of the bid referred to in clauses 6 and 8 above, or within the period of two years, as specified above, of such amounts, and of the interest, or penal interest, due, if any, shall be deemed to be of the essence of the contract for sale.

10. When the successful purchaser has paid the sum or sums, mentioned in condition 6 above, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Collector, subject to the right of the existing cultivator to harvest the crops standing on the land on the date confirmed by Government and shall furnish to such officer a written acknowledgment of receipt of possession. Provided that possession will be granted in anticipation of and without prejudice to the decision of Government and will in no case entitle the bidder to receive compensation or to remain in possession in the event of the refusal of Government finally to accept the highest bid. Provided also that, until the full amount of the purchase money, with any interest or penal interest due thereon, has been paid and other conditions set forth in this statement have been fulfilled the purchaser shall be deemed to be a tenant of such land under section 15 of Colonization of Government Lands (Punjab) Act, V of 1912.

11. If the purchaser shall make default in any payment, due from him, under these conditions on the due date, the Collector may rescind the contract and all sums deposited in part payment of the purchase money and interest thereon shall be forfeited to Government.

12. (*i*) When the whole of the purchase money and all other sums due and payable by the purchaser, under these conditions, shall have been paid, and not till then, the Collector shall cause a conveyance to be drawn up in English, in the Form enclosed, with the addition of condition (2) (*a*) to (*g*) of these conditions or to the same effect and shall call upon the purchaser to pay such stamp duty on it as is leviable under the provisions of the Indian Stamp Act, and to sign it. (*b*) Distributaries of the Lower Gugera and Burala Divisions, Lower Chenab Canal, have been extended to these lands, and plans signed by the Executive Engineer concerned, are open to inspection, free of charge, at the office of the Deputy Commissioner.

These plans show the extent to which these lands are believed to be irrigable from the abovementioned channels. The supply of water in the canal will probably irrigate the land, but Government does not hold itself, in any way responsible for supplying any water to any of the said lands, or for the correctness of the said plans, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

If any difficulty arises, application should be made to the Tahsildar concerned.

7. The land will be sold subject to a reserve price and the confirmation of Government will be required before any bid is finally accepted and Government reserves the right to withdraw any plot from auction, or to alter its size, without previous notice, or to refuse the highest or any bid.

8. Some area is on lease till Rabi 1946. It has been included in the present sale. All the area which is covered by the lease though sold now will not be handed over to the purchasers till the expiry of the lease.

Issued at Lyallpur, by the undersigned, this 11th April 1945.

The amounts of such charges as determined by Government or by the Collector in the case of repairs of roads and culverts shall be recoverable in such manner and at such times as may be fixed by Government or by the Collector, respectively.

Bids shall be received by the Presiding Officer at so much per acre, or at so much in a lump sum for the whole lot according as he chooses, and no bid shall advance by less than five rupees, if it is a bid per acre; or by less than ten rupees, if it is a bid for the whole lot.

The sale will be subject to final acceptance and confirmation by the Punjab Government and no bidder, even though his bid has been accepted as the highest by the auctioneer and the local officers, shall be deemed to be the purchaser or shall be deemed to have any claim with regard to his deposit, if the sale is not confirmed by the Punjab Government, other than for the return of the sum actually deposited by him.

6. The purchaser shall on the day when he is declared the highest bidder and his bid is provisionally accepted, pay a deposit of 50 per cent of the amount of bid, in part payment of the purchase money and sign an agreement, in Form B, hereto annexed, upon stamped paper, of proper value, to be provided at his expense.

7. In default of such part payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled the purchaser shall receive an attested copy of the said agreement upon stamped paper to be provided at his expense.

8. Upon the expiry of one month from the date on which the would-be purchaser's bid and deposit are provisionally accepted under clause 5 above, simple interest at 4 per cent per annum shall be charged upon the balance of the purchase money for the time being remaining unpaid, until the date of payment. The said interest shall be payable as from the said date in the event of the auction bid having been finally accepted and confirmed by Government.

9. Such balance of purchase money and interest may be paid at any time within three calendar months from the date of the provisional acceptance of the bid referred to in clause 5 above; and otherwise it shall be paid without demand in two equal annual instalments on the successive dates fixed for the realization of the kharif land revenue of the land so purchased; and the first of such instalments shall be paid on the date on which the land revenue for the first harvest on the land is payable; the Deputy Commissioner, Lyallpur, having power to determine which harvest shall be considered to be, for the purpose of this condition, the first harvest: provided that the purchaser may when paying the first (or any subsequent) instalment also pay all, or any whole number of such instalments of the purchase money and interest as still remains due from him. It is also open to the purchaser to pay any amount in whole rupees at any time without regard to the dates fixed for the

payment of the instalments. Interest will be calculated on a basis of 12 months of 30 days each, and for purposes of calculation of interest, it will be within the discretion of the Collector to direct that all sums paid on the first fifteen days of a month shall be regarded as having been paid on the 1st day, and all sums paid after the 15th of the month as if they were paid on the last day of the month.

Penal interest at 9 per cent per annum (simple interest) shall be payable on overdue instalments of purchase money.

The payment within the period of three calendar months from the date of the provisional acceptance of the bid referred to in clauses 6 and 8 above, or within the period of two years, as specified above, of such amounts, and of the interest, or penal interest, due, if any, shall be deemed to be of the essence of the contract for sale.

10. When the successful purchaser has paid the sum or sums, mentioned in condition 6 above, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Collector, subject to the right of the existing cultivator to harvest the crops standing on the land on the date confirmed by Government and shall furnish to such officer a written acknowledgment of receipt of possession. Provided that possession will be granted in anticipation of and without prejudice to the decision of Government and will in no case entitle the bidder to receive compensation or to remain in possession in the event of the refusal of Government finally to accept the highest bid. Provided also that, until the full amount of the purchase money, with any interest or penal interest due thereon, has been paid and other conditions set forth in this statement have been fulfilled the purchaser shall be deemed to be a tenant of such land under section 15 of Colonization of Government Lands (Punjab) Act, V of 1912.

11. If the purchaser shall make default in any payment, due from him, under these conditions on the due date, the Collector may rescind the contract and all sums deposited in part payment of the purchase money and interest thereon shall be forfeited to Government.

12. (*i*) When the whole of the purchase money and all other sums due and payable by the purchaser, under these conditions, shall have been paid, and not till then, the Collector shall cause a conveyance to be drawn up in English, in the Form enclosed, with the addition of condition (2) (*a*) to (*g*) of these conditions or to the same effect and shall call upon the purchaser to pay such stamp duty on it as is leviable under the provisions of the Indian Stamp Act, and to sign it. The Collector shall then execute the same on behalf of Government, and shall call upon the purchaser to have it duly registered at his (the purchaser's) expense within the period to be specified by the Collector.

(*ii*) If the purchaser shall refuse to execute the said deed, or to pay the stamp duty due, or to have it duly registered within the period specified by the Collector, or shall fail so to do without any lawful excuse, the Government shall have full powers and authority forthwith to rescind the contract, and cancel the sale.

13. When any contract has been rescinded under conditions 7, 11 or 12 (*ii*) or for failure to comply with any other conditions of the sale, and the land is re-sold for a price lower than that of the bid of the original purchaser, the original purchaser shall be liable to pay to Government the amount of the difference between his highest bid, and the price

Conditions for Sales by Public Auction of Nazul Land.

1. *Biddings and Sales*—The sales are subject to reserve prices to be fixed by the Collector with the sanction of the Provincial Government who reserves the right to refuse any bid or to stop the sale of all or any of the plots without assigning any reason. The sales are further subject to the sanction of the authority having competence in this behalf under the rules, and the Government will not be bound to sell any plot to the highest or any bidder. The acceptance of the deposit of 20 per cent prescribed in the condition No. 2 below shall not raise any presumption that the Government has agreed to sell the plot to the highest or any other bidder until such bid is finally accepted and the sale is completed by payment of the balance.

2. *Deposit*—Immediately after the fall of the hammer, the purchaser shall pay to the official deputed in this behalf a deposit of 20 per cent of the total amount of the purchase money in part payment thereof and at the same time shall sign the memorandum hereto annexed these conditions. Should the purchaser fail to so make this requisite deposit, he will be liable for any loss arising from such failure and the plot or plots may be put to auction again forthwith or at any such time as the Collector may determine, all costs and expenses being recovered from the defaulting purchaser.

3. *Completion of Sale and Deed of Conveyance*—The balance of the purchase money will be payable by the purchaser at the Nazul Office within 15 days of the service on him of a notice by the Nazul Officer intimating that the sale has been confirmed by the competent authority. Upon the payment of the balance of the purchase money, the execution of the deed of conveyance and registration of the deed so executed at his own expense, the purchaser shall be let into possession of the property.

4. *Forfeiture and Resale*—Should the purchaser fail to observe or comply with any of the preceding conditions on his part his deposit of 20 per cent shall be forfeited to Government, who may resell the property either by public auction or by private treaty and subject to such stipulation as may be thought fit, and any deficiency of price which may result on such resale shall be made good and paid by the defaulting purchaser.

5. *Errors and Omission*—A description of the property as given in the notice of sale as to area and position shall be deemed to be correct and no error or omission or misdescription in that notice or in these conditions shall invalidate the sale or be made the subject of any claim for any compensation.

6. *Payments of Revenue*—The land is sold subject to payment of land revenue as assessed or re-assessed from time to time by competent authority. The purchaser shall further pay all general and local taxes, rates and cesses for the time being lawfully imposed or assessed on the land.

7. *Saving*—Nothing in these conditions shall be deemed to exempt any purchaser from complying with the provisions of the Punjab Municipal Act, III of 1911, or any rules, by-laws or orders made thereunder. The purchaser shall, if he wants to construct a building on the site purchased, have to build over the land under the conditions proposed by the Provincial Town Planner, Punjab, as prescribed in column 6 of the schedule annexed hereto.

8. *Reservations*—The vendor reserves to himself all mines and minerals whatsoever in, under or upon the said land with all such rights and powers as may be necessary or expedient for the purpose of searching for, working, obtaining, removing and enjoying the same at all such times and in such manner as the Provincial Government shall think fit with power to carry out any surface or underground workings and to let down surface of all or any part of the said land and any building that may be erected thereon now or hereafter and to sink pits, erect buildings, construct lines and generally to appropriate and use the surface of the said land for the purpose of doing all such things as may be convenient or necessary for the full enjoyment of the exceptions and reservation hereinbefore contained :

Provided that the purchaser shall be entitled to receive from the Local Government such payment for the occupation by it of the surface and for the damage done to the surface or to buildings on the plot by such works or working or lettings down as may be agreed upon between the Provincial Government and the purchaser or failing such agreement as shall be ascertained by reference to arbitration.

9. *Purchase by more persons than one or on behalf of any other person or persons*—No bids will be accepted in the name of a firm or in any other name than that of single living person unless the name of the person or names of all the persons making the offer are given without any specification of shares and the person making the bid produces a power-of-attorney showing that he is authorized to bid on their behalf: Provided that no bid shall be accepted in the name of more than seven persons, if the bid is to be made in the name of an association the bidder must show that the association has been duly registered and that he has an authority to enter into an agreement on its behalf. 1. *Biddings and Sales*—The sales are subject to reserve prices to be fixed by the Collector with the sanction of the Provincial Government who reserves the right to refuse any bid or to stop the sale of all or any of the plots without assigning any reason. The sales are further subject to the sanction of the authority having competence in this behalf under the rules, and the Government will not be bound to sell any plot to the highest or any bidder. The acceptance of the deposit of 20 per cent prescribed in the condition No. 2 below shall not raise any presumption that the Government has agreed to sell the plot to the highest or any other bidder until such bid is finally accepted and the sale is completed by payment of the balance.

2. *Deposit*—Immediately after the fall of the hammer, the purchaser shall pay to the official deputed in this behalf a deposit of 20 per cent of the total amount of the purchase money in part payment thereof and at the same time shall sign the memorandum hereto annexed these conditions. Should the purchaser fail to so make this requisite deposit, he will be liable for any loss arising from such failure and the plot or plots may be put to auction again forthwith or at any such time as the Collector may determine, all costs and expenses being recovered from the defaulting purchaser.

Upon the payment of the balance of the purchase money, the execution of the deed of conveyance and registration of the deed so executed at his own expense, the purchaser shall be let into possession of the property.

4. *Forfeiture and Resale*—Should the purchaser fail to observe or comply with any of the preceding conditions on his part his deposit of 20 per cent shall be forfeited to Government, who may resell the property either by public auction or by private treaty and subject to such stipulation as may be thought fit, and any deficiency of price which may result on such resale shall be made good and paid by the defaulting purchaser.

5. *Errors and Omission*—A description of the property as given in the notice of sale as to area and position shall be deemed to be correct and no error or omission or misdescription in that notice or in these conditions shall invalidate the sale or be made the subject of any claim for any compensation.

6. *Payments of Revenue*—The land is sold subject to payment of land revenue as assessed or re-assessed from time to time by competent authority. The purchaser shall further pay all general and local taxes, rates and cesses for the time being lawfully imposed or assessed on the land.

The purchaser shall, if he wants to construct a building on the site purchased, have to build over the land under the conditions proposed by the Provincial Town Planner, Punjab, as prescribed in column 6 of the schedule annexed hereto.

8. *Reservations*—The vendor reserves to himself all mines and minerals whatsoever in, under or upon the said land with all such rights and powers as may be necessary or expedient for the purpose of searching for, working, obtaining, removing and enjoying the same at all such times and in such manner as the Provincial Government shall think fit with power to carry out any surface or underground workings and to let down surface of all or any part of the said land and any building that may be erected thereon now or hereafter and to sink pits, erect buildings, construct lines and generally to appropriate and use the surface of the said land for the purpose of doing all such things as may be convenient or necessary for the full enjoyment of the exceptions and reservation hereinbefore contained :

SULTAN LAL HUSSAIN KHAN
Deputy Commissioner,
Muzaffargarh

Conditions governing the sale of agricultural land under Khandar Bahishtiwah in village Langrial in the Muzaffargarh tahsil of the Muzaffargarh district.

1. The lands will be sold subject to all rights of way or water, and other easements, if any, subsisting thereon.

2. The lands will be sold in full proprietary rights, but subject to the following conditions :—

(a) The proprietary rights shall be subject to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in, or under the said lands, and full rights at all times to enter upon any part of the said lands, and to do all acts and things that may be necessary or expedient for the purpose of searching for and working any mines or quarries and of working, getting and carrying away any minerals, coals, gold-washings or earth-oil in, or under, the said lands without leaving any vertical or lateral support for the surface thereof, or any building for the time being standing thereon (the Government, its successors, and assigns making reasonable compensation to the purchaser, his heirs, legal representatives and assigns, and his or their lessees or tenants, for all damage occasioned by the exercise of the rights reserved).

(b) The land revenue demand, or rent, for the time being assessed thereon, and all general taxes, local taxes, and cesses to which revenue paying lands are liable shall be duly paid.

(c) In case of any dispute arising between the purchaser and the Government, as to the property and rights hereby reserved, or any matter incidental or in any way relating thereto, or as to any of the above terms and conditions, the said dispute, or disputes, shall be referred for the arbitration of the Commissioner, whose decision shall be final and binding on both parties.

The sale is also subject to the limitations next following.

3. The purchaser shall not, without the sanction in writing of the Collector, alienate any portion of the lot/lots sold before he shall have received the deed of conveyance hereinafter mentioned.

4. The land will be put up for auction in one lot, as shown in the schedule and map in the office of the Deputy Commissioner, Muzaffargarh, referred to in paragraph 2 of the notice of sale.

A reserve price will be fixed by Government, but will not be disclosed, except at the discretion of the Deputy Commissioner. In case of dispute between two equal bidders the lot shall be put up again at the last preceding bid. Bids shall be received by the Presiding Officer at so much per acre, or at so much in a lump sum for the whole lot according as he chooses, and no bid shall advance by less than five rupees, if it is a bid per acre, or by less than ten rupees, if it is a bid for the whole lot.

The sale will be subject to final acceptance and confirmation by the Local Government and no bidder, even though his bid has been accepted as the highest by the auctioneer and the local officers, shall be deemed to be the purchaser, or shall be deemed to have any claim with regard to his deposit, if the sale is not confirmed by the Local Government, other than for the return of the sum actually deposited by him.

5. The purchaser shall on the day when he is declared the highest bidder and his bid is provisionally accepted, pay a deposit of 20 per cent of the amount of bid, in part payment of the purchase money and sign an agreement, in Form B, hereto annexed, upon stamped paper, of proper value, to be provided at his expense.

6. In default of such part payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled the purchaser shall receive an attested copy of the said agreement upon stamped paper, to be provided at his expense.

7. Not later than six weeks after the date of the provisional acceptance of the bid referred to in clause 5 above, the purchaser shall pay the balance of the purchase money into the Headquarters treasury.

The payment within the period of six weeks from the date of the provisional acceptance of the bid referred to in clause 5 above of such amounts, shall be deemed to be of the essence of the contract for sale.

8. If the purchaser shall make default in any payment, due from him, under these conditions on the due date, the Collector may rescind the contract and all sums deposited in part payment of the purchase money shall be forfeited to Government.

9. (i) When the whole of the purchase money, and all other sums due and payable by the purchaser, under these conditions, shall have been paid, and not till then, the Collector shall cause a conveyance to be drawn up in English, in Form B, annexed to the Waste Land Lease Rules and shall call upon the purchaser to pay such stamp duty on it as is leviable under the provisions of the Indian Stamp Act, and to sign it. The Collector shall then execute the same on behalf of Government, and shall call upon the purchaser to have it duly registered at his (the purchaser's) expense within the period to be specified by the Collector. Upon completion of such registration the purchaser shall be let into possession of the land sold.

(ii) If the purchaser shall refuse to execute the said deed, or to pay the stamp duty due, or to have it duly registered within the period specified by the Collector, or shall fail so to do without any lawful excuse, the Government shall have full power and authority forthwith to rescind the contract, and cancel the sale.

10. When any contract has been rescinded under conditions 6, 8 or 9 (ii) or for failure to comply with any other conditions of the sale and the land is re-sold for a price lower than that of the bid of the original purchaser the original purchaser shall be liable to pay to Government the amount of the difference between his highest bid, and the price for which the land has been re-sold.

11. If the purchaser shall have been placed in possession of the land, and after the confirmation of the sale by Government shall make default in the observance of any conditions governing the sale, and the sale to him of the land be rescinded in accordance with the powers hereby granted to the Collector, the Government shall have the full right forthwith to re-enter upon and resume possession of the land together with all standing or reaped crops thereon ; and further all payments made by the purchaser shall automatically become forfeited to Government.

12. All payments to be made under these conditions on account of purchase money or any other charges, shall be made at the headquarters treasury: provided that with the written permission of the Collector, payment may be made into any Government treasury. Cheques on the Imperial Bank of India or on any other Bank approved by the Collector will be accepted.

13. The land is believed, and shall be taken, to be correctly described as to area and otherwise. If any error, mis-statement or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, but the price payable by the purchaser shall be adjusted, if necessary, with reference to the acreage of the lot purchased as finally ascertained and the price bid by the purchaser.

NOTICE

WHEREAS instructions have been received for the sale, by auction, of the State lands, in Nili Bar Colony, in Pakpattan tahsil of Montgomery District, and Vihari, Mailsi, Lodhran and Shujabad Tahsils of Multan District, described in the Schedule of Lots, obtainable, free of charge, from the office of the Colonization Officer, Nili Bar Colony, Pakpattan, a notice is hereby given that the plans of the said State lands are open to inspection, free of charge, at the office of the Colonization Officer, Nili Bar Colony, Pakpattan, and will also be supplied at a small charge on application, by post, and that the said lands will be put up for sale by public auction, at 10 a.m., on 26th and 27th November 1945, at Pakpattan, and will be sold upon the conditions of sale, obtainable, free of charge, from the office of the Colonization Officer, Nili Bar Colony, Pakpattan, unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority.

2. The Colonization of Government Lands (Punjab) Act, 1912, is applicable to the lands to be sold till proprietary rights are obtained by the due observance of all conditions of the sale.

3. The area (more or less) of the lands, the distributaries extended to them, and the boundaries, are given in the Schedule of Lots :—

(a) The lands will be sold in lots numbered, as shown in the Schedule of Lots, and in the maps in the office of the Colonization Officer, Nili Bar Colony, Pakpattan. The schedule and maps bear the signature of the Colonization Officer, Nili Bar Colony. The number and approximate size of the lots in each estate are set forth in the Schedule of Lots.

(b) Distributaries of the Pakpattan Canal have been extended to these lands, and plans signed by the Executive Engineer concerned, are open to inspection, free of charge, at the office of the Colonization Officer, Nili Bar Colony, Pakpattan. These plans show the extent to which these lands are believed to be irrigable from the above mentioned channels. The supply of water in the canal will probably irrigate the land, but Government does not hold itself, in any way, responsible for supplying any water to any of the sa[id] lands, or for the correctness of the said plans, a[nd] no failure or error in these respects shall be a grou[nd] for, avoiding the sale, or claiming compensation.

(c) Underwood and all other products whatev[er] of the said lands, will be included in the sale, sa[ve] and except all trees, mines, minerals, coals, gold washings, earth-oil and quarries in or under the sai[d] lands.

(d) The price of trees will be recovered from th[e] purchasers of the said lands on the basis of a speci[al] valuation, assessed by the Colonization Officer. I[t] will be payable with the first instalment of the pur[-] chase money of the land. If the purchaser does no[t] accept this valuation, he will let the Colonizatio[n] Officer, or any person authorized by him, remove al[l] the trees, etc., leaving the roots behind. The pur[-] chaser shall not be entitled to claim any compensatio[n] for any damage or loss caused in the cutting, stackin[g] or removal of the wood.

4. No person shall be permitted to bid at th[e] auction on behalf of any other person, whether pre[-] sent or absent, unless he deposits with the Presidin[g] Officer a duly executed and registered Power-of-At[-] torney (Article 48, Schedule I, Stamp Act), speciall[y] authorizing him so to bid, and generally to repre[sent] such other person at the auction. No minor shall b[e] allowed to bid.

5. In no circumstances, will any exchange b[e] made of the land sold, nor does Government accep[t] any liability for the correct identification by th[e] bidder of the land sold. Lots can be identified on th[e] ground by the help of survey marks, and the plan[s] alluded to in paragraph 1 above. Patwaris will sho[w] visitors round at any time between the date of thi[s] notice and the date of sale and they will be under th[e] supervision of Kanungos, posted in their circle. I[f] any difficulty arises, application should be made t[o] the Colony Naib-Tahsildar or Tahsildar noted in th[e] Schedule of Lots as in charge of the area.

6. The land will be sold subject to a reserv[e] price and the confirmation of Government will be re[-] quired before any bid is finally accepted, and Govern[-] ment reserves the right to withdraw any plot from auction, or to alter its size, without previous notice or to refuse the highest or any bid.

Issued at Pakpattan, by the undersigned on 20th October 1945.

NOTICE

WHEREAS instructions have been received for the sale, by auction, of the State lands, in Nili Bar Colony, in Pakpattan tahsil of Montgomery District, and Vihari, Mailsi, Lodhran and Shujabad Tahsils of Multan District, described in the Schedule of Lots, obtainable, free of charge, from the office of the Colonization Officer, Nili Bar Colony, Pakpattan, a notice is hereby given that the plans of the said State lands are open to inspection, free of charge, at the office of the Colonization Officer, Nili Bar Colony, Pakpattan, and will also be supplied at a small charge on application, by post, and that the said lands will be put up for sale by public auction, at 10 a.m., on 26th and 27th November 1945, at Pakpattan, and will be sold upon the conditions of sale, obtainable, free of charge, from the office of the Colonization Officer, Nili Bar Colony, Pakpattan, unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority.

2. The Colonization of Government Lands (Punjab) Act, 1912, is applicable to the lands to be sold till proprietary rights are obtained by the due observance of all conditions of the sale.

3. The area (more or less) of the lands, the distributaries extended to them, and the boundaries, are given in the Schedule of Lots :—

(a) The lands will be sold in lots numbered, as shown in the Schedule of Lots, and in the maps in the office of the Colonization Officer, Nili Bar Colony, Pakpattan. The schedule and maps bear the signature of the Colonization Officer, Nili Bar Colony. The number and approximate size of the lots in each estate are set forth in the Schedule of Lots.

(b) Distributaries of the Pakpattan Canal have been extended to these lands, and plans signed by the Executive Engineer concerned, are open to inspection, free of charge, at the office of the Colonization Officer, Nili Bar Colony, Pakpattan. These plans show the extent to which these lands are believed to be irrigable from the above mentioned channels. The supply of water in the canal will probably irrigate the land, but Government does not hold itself, in any way, responsible for supplying any water to any of the sa[id] lands, or for the correctness of the said plans, a[nd] no failure or error in these respects shall be a grou[nd] for, avoiding the sale, or claiming compensation.

(c) Underwood and all other products whatev[er] of the said lands, will be included in the sale, sa[ve] and except all trees, mines, minerals, coals, gol[d] washings, earth-oil and quarries in or under the sa[id] lands.

(d) The price of trees will be recovered from t[he] purchasers of the said lands on the basis of a speci[al] valuation, assessed by the Colonization Officer. I[t] will be payable with the first instalment of the pur[-] chase money of the land. If the purchaser does no[t] accept this valuation, he will let the Colonizatio[n] Officer, or any person authorized by him, remove a[ll] the trees, etc., leaving the roots behind. The pur[-] chaser shall not be entitled to claim any compensatio[n] for any damage or loss caused in the cutting, stackin[g] or removal of the wood.

4. No person shall be permitted to bid at th[e] auction on behalf of any other person, whether pr[e-] sent or absent, unless he deposits with the Presid[ing] Officer a duly executed and registered Power-of-At[-] torney (Article 48, Schedule I, Stamp Act), speciall[y] authorizing him so to bid, and generally to represen[t] such other person at the auction. No minor shall b[e] allowed to bid.

5. In no circumstances, will any exchange b[e] made of the land sold, nor does Government accep[t] any liability for the correct identification by th[e] bidder of the land sold. Lots can be identified on th[e] ground by the help of survey marks, and the plan[s] alluded to in paragraph 1 above. Patwaris will show visitors round at any time between the date of thi[s] notice and the date of sale and they will be under th[e] supervision of Kanungos, posted in their circle. I[f] any difficulty arises, application should be made t[o] the Colony Naib-Tahsildar or Tahsildar noted in th[e] Schedule of Lots as in charge of the area.

6. The land will be sold subject to a reserv[e] price and the confirmation of Government will be re[-] quired before any bid is finally accepted, and Govern[-] ment reserves the right to withdraw any plot from auction, or to alter its size, without previous notice or to refuse the highest or any bid.

Issued at Pakpattan, by the undersigned on 20th October 1945.

NOTICE

WHEREAS instructions have been received for the sale, by auction, of the State lands, in Nili Bar Colony, in Pakpattan tahsil of Montgomery District, and Vihari, Mailsi, Lodhran and Shujabad Tahsils of Multan District, described in the Schedule of Lots, obtainable, free of charge, from the office of the Colonization Officer, Nili Bar Colony, Pakpattan, a notice is hereby given that the plans of the said State lands are open to inspection, free of charge, at the office of the Colonization Officer, Nili Bar Colony, Pakpattan, and will also be supplied at a small charge on application, by post, and that the said lands will be put up for sale by public auction, at 10 a.m., on 25th, 26th and 27th November 1945, at Pakpattan, and will be sold upon the conditions of sale, obtainable, free of charge, from the office of the Colonization Officer, Nili Bar Colony, Pakpattan, unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority.

2. The Colonization of Government Lands (Punjab) Act, 1912, is applicable to the lands to be sold till proprietary rights are obtained by the due observance of all conditions of the sale.

3. The area (more or less) of the lands, the distributaries extended to them, and the boundaries, are given in the Schedule of Lots :—

(a) The lands will be sold in lots numbered, as shown in the Schedule of Lots, and in the maps in the office of the Colonization Officer, Nili Bar Colony, Pakpattan. The schedule and maps bear the signature of the Colonization Officer, Nili Bar Colony. The number and approximate size of the lots in each estate are set forth in the Schedule of Lots.

(b) Distributaries of the Pakpattan Canal have been extended to these lands, and plans signed by the Executive Engineer concerned, are open to inspection, free of charge, at the office of the Colonization Officer, Nili Bar Colony, Pakpattan. These plans show the extent to which these lands are believed to be irrigable from the above mentioned channels. The supply of water in the canal will probably irrigate the land, but Government does not hold itself, in any way, responsible for supplying any water to any of the s[aid] lands, or for the correctness of the said plans, a[nd] no failure or error in these respects shall be a gro[und] for, avoiding the sale, or claiming compensation.

(c) Underwood and all other products whate[ver] of the said lands, will be included in the sale, sa[ve] and except all trees, mines, minerals, coals, gol[d] washings, earth-oil and quarries in or under the s[aid] lands.

(d) The price of trees will be recovered from t[he] purchasers of the said lands on the basis of a spec[ial] valuation, assessed by the Colonization Officer. [It] will be payable with the first instalment of the p[ur]chase money of the land. If the purchaser does n[ot] accept this valuation, he will let the Colonizati[on] Officer, or any person authorized by him, remove a[ll] the trees, etc., leaving the roots behind. The pu[r]chaser shall not be entitled to claim any compensati[on] for any damage or loss caused in the cutting, stacki[ng] or removal of the wood.

4. No person shall be permitted to bid at th[e] auction on behalf of any other person, whether pre[]sent or absent, unless he deposits with the Presidi[ng] Officer a duly executed and registered Power-of-At[]torney (Article 48, Schedule I, Stamp Act), speciall[y] authorizing him so to bid, and generally to represen[t] such other person at the auction. No minor shall b[e] allowed to bid.

5. In no circumstances, will any exchange b[e] made of the land sold, nor does Government accep[t] any liability for the correct identification by th[e] bidder of the land sold. Lots can be identified on th[e] ground by the help of survey marks, and the plan[s] alluded to in paragraph 1 above. Patwaris will sho[w] visitors round at any time between the date of th[e] notice and the date of sale and they will be under th[e] supervision of Kanungos, posted in their circle. I[f] any difficulty arises, application should be made t[o] the Colony Naib-Tahsildar or Tahsildar noted in th[e] Schedule of Lots as in charge of the area.

6. The land will be sold subject to a reserv[e] price and the confirmation of Government will be re[]quired before any bid is finally accepted, and Govern[]ment reserves the right to withdraw any plot fro[m] auction, or to alter its size, without previous noti[ce] or to refuse the highest or any bid.

Issued at Pakpattan, by the undersigned on 20[th] October 1945.

NOTICE

WHEREAS instructions have been received for the sale, by auction, of the State lands, in Nili Bar Colony, in Pakpattan tahsil of Montgomery District, and Vihari, Mailsi, Lodhran and Shujabad Tahsils of Multan District, described in the Schedule of Lots, obtainable, free of charge, from the office of the Colonization Officer, Nili Bar Colony, Pakpattan, a notice is hereby given that the plans of the said State lands are open to inspection, free of charge, at the office of the Colonization Officer, Nili Bar Colony, Pakpattan, and will also be supplied at a small charge on application, by post, and that the said lands will be put up for sale by public auction, at 10 a.m., on 25th, 26th and 27th November 1945, at Pakpattan, and will be sold upon the conditions of sale, obtainable, free of charge, from the office of the Colonization Officer, Nili Bar Colony, Pakpattan, unless the sale shall, in the meantime, have been stopped or postponed by order of superior authority.

2. The Colonization of Government Lands (Punjab) Act, 1912, is applicable to the lands to be sold till proprietary rights are obtained by the due observance of all conditions of the sale.

3. The area (more or less) of the lands, the distributaries extended to them, and the boundaries, are given in the Schedule of Lots :—

(a) The lands will be sold in lots numbered, as shown in the Schedule of Lots, and in the maps in the office of the Colonization Officer, Nili Bar Colony, Pakpattan. The schedule and maps bear the signature of the Colonization Officer, Nili Bar Colony. The number and approximate size of the lots in each estate are set forth in the Schedule of Lots.

(b) Distributaries of the Pakpattan Canal have been extended to these lands, and plans signed by the Executive Engineer concerned, are open to inspection, free of charge, at the office of the Colonization Officer, Nili Bar Colony, Pakpattan. These plans show the extent to which these lands are believed to be irrigable from the above mentioned channels. The supply of water in the canal will probably irrigate the land, but Government does not hold itself, in any way, responsible for supplying any water to any of the said lands, or for the correctness of the said plans, and no failure or error in these respects shall be a ground for avoiding the sale, or claiming compensation.

(c) Underwood and all other products whatever, of the said lands, will be included in the sale, save and except all trees, mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said lands.

(d) The price of trees will be recovered from the purchasers of the said lands on the basis of a special valuation, assessed by the Colonization Officer. It will be payable with the first instalment of the purchase money of the land. If the purchaser does not accept this valuation, he will let the Colonization Officer, or any person authorized by him, remove all the trees, etc., leaving the roots behind. The purchaser shall not be entitled to claim any compensation for any damage or loss caused in the cutting, stacking or removal of the wood.

4. No person shall be permitted to bid at the auction on behalf of any other person, whether present or absent, unless he deposits with the Presiding Officer a duly executed and registered Power-of-Attorney (Article 48, Schedule I, Stamp Act), specially authorizing him so to bid, and generally to represent such other person at the auction. No minor shall be allowed to bid.

5. In no circumstances, will any exchange be made of the land sold, nor does Government accept any liability for the correct identification by the bidder of the land sold. Lots can be identified on the ground by the help of survey marks, and the plans alluded to in paragraph 1 above. Patwaris will show visitors round at any time between the date of this notice and the date of sale and they will be under the supervision of Kanungos, posted in their circle. If any difficulty arises, application should be made to the Colony Naib-Tahsildar or Tahsildar noted in the Schedule of Lots as in charge of the area.

6. The land will be sold subject to a reserve price and the confirmation of Government will be required before any bid is finally accepted, and Government reserves the right to withdraw any plot from auction, or to alter its size, without previous notice or to refuse the highest or any bid.

Issued at Pakpattan, by the undersigned on 20th October 1945.

Notice

WHEREAS instructions have been received for the sale, by auction of Crown lands in Lower Jhelum Colony in chaks situated in tahsils of Bhalwal and Sargodha of the Shahpur district, described in the Schedule of lots, obtainable free of charge, from the office of the Deputy Commissioner, Shahpur district, at Sargodha and the Tahsildars of Sargodha and Bhalwal, qanungos and patwaris of the circle, in which the lands are situated, notice is hereby given that the plans of the said Crown lands are open to inspection free of charge, at the office of the Deputy Commissioner, Sargodha, and that the said lands will be put up for sale by public auction on the dates and places mentioned in the annexed programme of auction. Auctions will usually be held from 10 a.m. to 4 p.m., but the presiding officer shall have discretion to change it if and when necessary. The land will be sold upon the conditions of sale, obtainable free of charge, from the said offices, unless the sale shall in the meantime, have been stopped or postponed by order of superior authority.

2. The Colonization of Government Lands (Punjab) Act, 1912, is applicable to the lands to be sold.

3. The area (more or less) of the lands, the distributaries extended to them, and the boundaries are given in the schedule of lots :—

(a) The lands will be sold in lots numbered as shown in the Schedule of Lots, and in the maps in the office of the Deputy Commissioner. The Schedule and maps bears the signature of the Deputy Commissioner. The number and approximate size of the lots in each estate are set forth in the Schedule of Lots.

(b) Distributaries of the Lower Jhelum Canal have been extended to these lands, and plans signed by the Executive Engineer concerned, are open to inspection, free of charge, at the office of the Deputy Commissioner, Shahpur district. These plans show the extent to which these lands are believed to be irrigable from the above-mentioned channels. The supply of water in the canal will probably irrigate the land, but Government does not hold itself in any way responsible for supplying any water to any of the said lands, or for the correctness of the said plans, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

(c) Underwood and all other products whatever of the said lands, will be included in the sale, save and except all trees, mines, minerals, coals, gold-washings, earth-oil and quarries, in or under the said lands.

(d) The price of trees will be recovered from the purchasers of the said lands on the basis of a special valuation, assessed by the Deputy Commissioner. It will be payable with the balance of the purchase money of the land. If the purchaser does not accept this valuation, he will let the Deputy Commissioner, or any person authorised by him, remove all the trees, etc., leaving the roots behind. The purchaser shall not be entitled to claim any compensation for any damage or loss caused in the cutting, stacking or removal of t wood.

4. Only the grantees of the chak in which the land is situated will be permitted to bid at auction. But the Deputy Commissioner may accept the bid of any other person, who without sacrificing the recognised principle that colony chaks should be homogeneous in character, is considered by the Deputy Commissioner to be a fit person to own land in the chaks, *e.g.*, persons of the same district and same caste as the existing grantees of the chak.

5. No person shall be permitted to bid at the auction on behalf of any other person, whether present or absent unless he deposits with the Presiding Officer, a duly executed and registered power-of-attorney (Article 48, Schedule I, Stamp Act) especially authorizing him as to bid, and generally to represent such other person at the auction. No minor shall be allowed to bid.

6. The purchaser shall, on the day when he is declared the highest bidder and his bid is provisionally accepted, pay a deposit of twenty per cent of the amount of bid towards payment of his purchase money in case his bid should be finally accepted by Government. At the same time he shall sign the written form of offer at the foot of the conditions annexed.

7. Subject as aforesaid, the highest bid accepted by the Presiding Officer will be communicated to Government, which may either accept or refuse it but the Presiding Officer may refuse to receive any bid.

8. If the bid is accepted by Government, the purchaser shall complete the sale within six weeks from the date of the confirmation of the sale by Government. The purchaser shall obtain a deed of grant drawn up in the prescribed form from the office of the Deputy Commissioner, Shahpur District shall at least sevendays before the date fixed for the completion, return the deed to the said office duly stamped at his own expense and ready for execution. The deed shall then be executed both by the purchaser and the Deputy Commissioner.

9. As soon as may after the execution of the deed the purchaser shall cause the deed of grant to be registered at his own expense. Upon completion of the registration and then only, the purchaser shall be placed in possession of the property.

10. Should any purchaser fail to observe or comply with any of the foregoing conditions, his deposit shall be forfeited to the Crown, which may have the property resold either by public auction or by private contract. Any deficiency of price which may result on such resale shall be made good and paid by the defaulting purchaser.

11. In no circumstances will any exchange be made of the land sold, nor does Government accept any liability for the correct identification by the bidder of the land sold. Patwaris will show visitors round any time between the date of this notice and to date of sale and they will be under the supervision of Kanungos posted in their circle. If any difficulty arises, application should be made to the Tahsildar concerned noted in the Schedule of Lots as in charge of the area, who will manage it immediately.

12. The land will be sold subject to a reserve price and the confirmation of Government will be required before any bid is finally accepted, and Government reserves the right to withdraw any plot from auction or to alter its size, without previous notice, or to refuse the highest or any bid.

Issued at Sargodha, by undersigned, this 1st day of November 1945.

Deputy Commissioner,
Muzaffargarh

Conditions governing the sale of agricultural land under Khandar Bahishtiwah in village Langrial in the Muzaffargarh tahsil of the Muzaffargarh district.

1. The lands will be sold subject to all rights of way or water, and other easements, if any, subsisting thereon.

2. The lands will be sold in full proprietary rights, but subject to the following conditions :—

(a) The proprietary rights shall be subject to the exception and reservation to Government, its successors and assigns, of all mines, minerals, coals, gold-washings, earth-oil and quarries in, or under the said lands, and full rights at all times to enter upon any part of the said lands, and to do all acts and things that may be necessary or expedient for the purpose of searching for and working any mines or quarries and of working, getting and carrying away any minerals, coals, gold-washings or earth-oil in, or under, the said lands without leaving any vertical or lateral support for the surface thereof, or any building for the time being standing thereon (the Government, its successors, and assigns making reasonable compensation to the purchaser, his heirs, legal representatives and assigns, and his or their lessees or tenants, for all damage occasioned by the exercise of the rights reserved).

(b) The land revenue demand, or rent, for the time being assessed thereon, and all general taxes, local taxes, and cesses to which revenue paying lands are liable shall be duly paid.

(c) In case of any dispute arising between the purchaser and the Government, as to the property and rights hereby reserved, or any matter incidental or in any way relating thereto, or as to any of the above terms and conditions, the said dispute, or disputes, shall be referred for the arbitration of the Commissioner, whose decision shall be final and binding on both parties.

The sale is also subject to the limitations next following.

3. The purchaser shall not, without the sanction in writing of the Collector, alienate any portion of the lot/lots sold before he shall have received the deed of conveyance hereinafter mentioned.

4. The land will be put up for auction in one lot, as shown in the schedule and map in the office of the Deputy Commissioner, Muzaffargarh, referred to in paragraph 2 of the notice of sale.

A reserve price will be fixed by Government, but will not be disclosed, except at the discretion of the Deputy Commissioner. In case of dispute between two equal bidders the lot shall be put up again at the last preceding bid. Bids shall be received by the Presiding Officer at so much per acre, or at so much in a lump sum for the whole lot according as he chooses, and no bid shall advance by less than five rupees, if it is a bid per acre, or by less than ten rupees, if it is a bid for the whole lot.

The sale will be subject to final acceptance and confirmation by the Local Government and no bidder, even though his bid has been accepted as the highest by the auctioneer and the local officers, shall be deemed to be the purchaser, or shall be deemed to have any claim with regard to his deposit, if the sale is not confirmed by the Local Government, other than for the return of the sum actually deposited by him.

5. The purchaser shall on the day when he is declared the highest bidder and his bid is provisionally accepted, pay a deposit of 20 per cent of the amount of bid, in part payment of the purchase money and sign an agreement, in Form B, hereto annexed, upon stamped paper, of proper value, to be provided at his expense.

6. In default of such part payment, or in the event of refusal to sign such agreement, the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled the purchaser shall receive an attested copy of the said agreement upon stamped paper, to be provided at his expense.

7. Not later than six weeks after the date of the provisional acceptance of the bid referred to in clause 5 above, the purchaser shall pay the balance of the purchase money into the Headquarters treasury.

The payment within the period of six weeks from the date of the provisional acceptance of the bid referred to in clause 5 above of such amounts, shall be deemed to be of the essence of the contract for sale.

8. If the purchaser shall make default in any payment, due from him, under these conditions on the due date, the Collector may rescind the contract and all sums deposited in part payment of the purchase money shall be forfeited to Government.

9. (i) When the whole of the purchase money, and all other sums due and payable by the purchaser, under these conditions, shall have been paid, and not till then, the Collector shall cause a conveyance to be drawn up in English, in Form B, annexed to the Waste Land Lease Rules and shall call upon the purchaser to pay such stamp duty on it as is leviable under the provisions of the Indian Stamp Act, and to sign it. The Collector shall then execute the same on behalf of Government, and shall call upon the purchaser to have it duly registered at his (the purchaser's) expense within the period to be specified by the Collector. Upon completion of such registration the purchaser shall be let into possession of the land sold.

(ii) If the purchaser shall refuse to execute the said deed, or to pay the stamp duty due, or to have it duly registered within the period specified by the Collector, or shall fail so to do without any lawful excuse, the Government shall have full power and authority forthwith to rescind the contract, and cancel the sale.

10. When any contract has been rescinded under conditions 6, 8 or 9 (ii) or for failure to comply with any other conditions of the sale and the land is re-sold for a price lower than that of the bid of the original purchaser the original purchaser shall be liable to pay to Government the amount of the difference between his highest bid, and the price for which the land has been re-sold.

11. If the purchaser shall have been placed in possession of the land, and after the confirmation of the sale by Government shall make default in the observance of any conditions governing the sale, and the sale to him of the land be rescinded in accordance with the powers hereby granted to the Collector, the Government shall have the full right forthwith to re-enter upon and resume possession of the land together with all standing or reaped crops thereon ; and further all payments made by the purchaser shall automatically become forfeited to Government.

12. All payments to be made under these conditions on account of purchase money or any other charges, shall be made at the headquarters treasury : provided that with the written permission of the Collector, payment may be made into any Government treasury. Cheques on the Imperial Bank of India or on any other Bank approved by the Collector will be accepted.

13. The land is believed, and shall be taken, to be correctly described as to area and otherwise. If any error, mis-statement or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, but the price payable by the purchaser shall be adjusted, if necessary, with reference to the acreage of the lot purchased as finally ascertained and the price bid by the purchaser.

2. The minutes of the last meeting held on the 2nd December 1944 were confirmed.

3. *Considered recommendations of the Finance Sub-Committee of the Communications Board regarding grants-in-aid to be paid to the District Boards during the year 1945-46 for (a) Maintenance and Special Repairs of class II roads and (b) Development of Bridges and Roads*—The recommendations of the Finance Sub-Committee reproduced as Appendix I to these minutes were approved subject to the following :—

With respect to the request of the District Board, Rawalpindi, for raising the percentage from 50 to 100 for the reconstruction of the Pir Wadhai bridge on the Rawalpindi-Shahallahditta road, it was brought to the notice of the Board by Khan Bahadur M. Abdus Samad that the District Board, Rawalpindi, had raised its local rate by 50 per cent. It was decided after some discussion that an enquiry be made from the District Board whether, in view of the fact that it had increased its income by raising the local rate by 50 per cent, it was still necessary for it to get greater financial assistance for the work in question than already sanctioned in the shape of a 50 per cent grant. The Board also authorised the President of the Board to reconsider the application of the District Board in the light of a reply received to this enquiry and to raise the grant if considered necessary.

The Board also considered an application from the District Board, Ambala, regarding a 50 per cent grant for the following works :—

		Rs.
1.	Remetalling 6 miles of the Barara-Sadhaura-Kala Amb road ..	61,885
2.	Remetalling 5¾ miles of the Sirhind-Morinda-Kurali road ..	59,170
	Total ..	1,21,055

It was decided that a 50 per cent grant be sanctioned for work No. 1 out of the allotment for special repair work. Rupees 10,000 was decided to be earmarked for 1945-46 and the balance for next year.

In view of the request made by the District Board, Dera Ghazi Khan, that it had decided to drop the project for the diversion of the Kotla Nasir Rojhan road, the Board decided to transfer the amount of Rs. 12,000 recommended by the Sub-Committee for this work to the construction of culverts on the Choti-Jampur road which was being raised to Class II,—*vide* resolution No. 7 below estimated to cost Rs. 38,597. This grant was sanctioned on a 100 per cent basis.

4. The action taken by the President in according revised administrative approval to the following District Board Road projects was confirmed :—

		Rs.
1.	Metalling the Hissar-Ratera-Tosham Road in the district of Hissar ..	67,319
2.	Metalling the Sampla-Chhara Road in the Rohtak District ..	77,070

5. The action taken by the President of the Board in sanctioning an emergent grant of Rs. 1,000 to the District Board, Attock, towards the construction of retaining walls and a culvert along the newly constructed bridge in Nilli Nallah on the Hassanabdal-Tarkheli Ilaqa road was confirmed.

6. *Considered application from the District Board, Dera Ghazi Khan, for a 50 per cent grant towards the maintenance of its Class III roads or alternatively for the raising of the percentage for the maintenance of Class II roads from 75 to 90*—The Board approved of the percentage for the maintenance of Class II roads being raised as a special case from 75 to 90.

7. *Considered application from the District Board, Dera Ghazi Khan, for the promotion of the Choti Jampur Class III Road to Class II in place of the existing Class II road from Tibbi Qaisrani to Vehoa*—The road from Choti to Jampur was promoted to Class II and that from the Tibbi Qaisrani to Vehoa was promoted to Class III.

APPENDIX I

Minutes of a meeting of the Finance Sub-Committee of the Communications Board, Punjab, held at Simla on the 26th July 1945.

PRESENT:

IN the unavoidable absence of Mr. J. W. HEARN, C.I.E., I.C.S., Additional Financial Commissioner, Punjab, Mr. H. A. HARRIS, I.S.E., Chief Engineer, Punjab, P. W. D., Buildings and Roads Branch, acted as Chairman of the Sub-Committee.

Mr. H. J. PEARSON, M.B.E., Deputy Secretary to Government, Punjab, Finance Department.

Khan Bahadur M. ABDUS SAMAD, Under Secretary to Government, Punjab, Medical and Local Government Departments.

Rao Bahadur Captain CHAUDHRY LAL CHAND, O.B.E., Rohtak.

Khan Bahadur Khan HAIBAT KHAN, Daha, M.L.A., Kahnewal, District Multan.

1. Mr. BRIJ MOHAN LAL, I.S.E., M.I.E., Superintending Engineer (Roads) and Secretary, Communications Board, Punjab, *Secretary*.

1. The attached note put up by the Secretary was considered and approved by the Sub-Committee subject to the following amendments :—

2. *Maintenance of Class II Roads*—Like the previous year the percentage for Lyallpur was reduced from 25 to 12½ on account of the sound financial position of the District Board. The saving of about Rs. 18,000 that would thus accrue was suggested to be added to the reserve of Rs. 6,500 under head "Special repairs" to be spent on "Maintenance" if necessary otherwise on special repair works for which grants would be demanded by the District Boards later on during the year.

3. *Special Repairs of Class II Roads (New Works)*.—The Sub-Committee did not approve of any grant being given for the following works in the district of Kangra. It however suggested that the District Board might be asked to submit detailed estimates for these works for consideration of a grant at the next Board meeting. The saving of Rs. 2,000 earmarked for these works was suggested to be added to the reserve of Rs. 6,500 to be distributed later on during the year :—

	Rs.
(1) Reconstructing Ava Khad bridge on the Palampur Bandla Bir Class III road	40,000
(2) Reconstruction of the washed away suspension bridge over the Baner Khad on the Bhawan-Thanpuri Class III road ..	15,000

4. The Sub-Committee considered the question of raising the percentage for the reconstruction of the Pir Wadhai bridge on the Rawalpindi-Shahallah-ditta road from 50 to 100 and suggested that the District Board of Rawalpindi be first asked to increase its income by raising the local rate by 100 per cent. This would enable the District Board to find their share of the cost of this work.

5. The Sub-Committee also considered the application of the District Board, Rawalpindi, for a 100 per cent grant for the following works and suggested that a 50 per cent grant be given towards their special repairs :—

	Rs.
(1) Reconditioning 2 miles of the Rawalpindi-Khanna road ..	30,072
(2) Special repairs to road surface miles 2, 3 and part of mile 4 Rawalpindi-Maira road	19,333
Total ..	49,405
50 per cent grant ..	24,702

Rs. 10,000 were suggested to be earmarked for 1945-46 and the balance of Rs. 14,702 for 1946-47. This would reduce the amount suggested to be held in reserve from Rs. 26,500 to Rs. 16,500 under head Maintenance and Special Repairs of Class II roads.

6. *Development of Bridges and Roads (Works in Progress)*—The Sub-Committee approved of the expenditure of Rs. 1,17,000 against the allotment of Rs. 59,400 and suggested that the balance of the amount required be transferred from the anticipated saving from the provision of new works.

7. The Sub-Committee did not approve of the raising of the percentage from 50 to 100 in the case of the work regarding the construction of a submersible bridge on R.C.C. Piles on Haro river on the Campbellpur-Fatehjang road on the ground that the District Board of Attock had raised its local rate by 100 per cent and thereby had improved its financial position. For the same reason the percentage in the case of the following development works was not raised from 90 per cent to 100 per cent as desired by the District Board :—

	Rs.
(1) Construction of culverts on the Pindigheb-Makhad road ..	33,442
(2) Constructing retaining walls in Kala Nallah on the Hassanabdal-Fatehjang road	5,896
(3) Constructing culverts, causeways, retaining walls and bajri spreading Campbellpur-Fatehjang road	20,968

The Sub-Committee however recommended that revised administrative approval be accorded to these works at the cost noted against each.

8. *New Development Works*—The Sub-Committee suggested that a cent per cent grant be given to the District Board, Dera Ghazi Khan, towards the diversion of the Kotla Nasir-Rojhan road estimated to cost Rs. 80,908. Rupees 12,000 was suggested to be earmarked for 1945-46 and the balance for the next year. This would utilise the amount of Rs. 12,000 held in reserve out of the sum of Rs. 65,000 for new works.

9. *Improvement of unmetalled roads*—The Sub-Committee did not approve of the estimates as they were received from the District Boards. Nevertheless it recommended that the money should be spent on permanent improvement of roads of the nature of building culverts and bridges and raising where road passes through a definite depression and suggested that the Engineer Secretary be authorised to re-scrutinise all the estimates and allot grants on 100 per cent basis in the most deserving cases.

10. The Sub-Committee recommended that the following funds be demanded for next year :—

	Rs.
I—(*a*) Maintenance of Class II roads	4,00,000
(*b*) Special Repairs—	
(*i*) Works in Progress ..	1,40,000
(*ii*) New Works	60,000
Total Maintenance and Special Repairs of Class II roads.	6,00,000

II—*Development of Bridges and Roads*—	Rs.
(*a*) Works in Progress ..	2,50,000
(*b*) New Works ..	1,00,000
Total ..	9,50,000

H. A. HARRIS,
Chairman of the Finance Sub-Committee of the Communications Board, Punjab.

BRIJ MOHAN LAL,
Secretary of the Finance Sub-Committee of the Communications Board, Punjab.

COMMUNICATIONS BOARD, PUNJAB

Note for the Finance Sub-Committee meeting to be held on the 26th July 1945.

The allotment placed at the disposal of the Communications Board during 1944-45 amounted to Rs. 4,05,000 made up as follows :—

	Rs.
I. *Maintenance and Special Repairs of Class II roads.*	
(*a*) Maintenance ..	3,12,300
(*b*) Special Repairs ..	21,500
II. *Development of Bridges and Roads*—	
(*a*) Ordinary Expenditure ..	51,200
(*b*) New Expenditure ..	51,200
Total ..	4,05,000

I. (*a*) *Maintenance, Rs. 3,12,300*—The original allotment under this head including grants for special repair works amounted to Rs. 3,00,000 but as this amount was not adequate even to meet demands under head "Maintenance", an extra amount of Rs. 12,300 was asked by, and placed at the disposal of this office in accordance with the decision of the Communications Board, Punjab, arrived at its meeting held on the 19th August 1944. The modified grant under the head was, therefore, Rs. 3,12,300. Against this amount a total expenditure of Rs. 3,12,284 was incurred as shown below :—

The total expenditure booked by the District Boards on the maintenance of Class II roads during 1943-44 was Rs. 11,12,269 out of which Rs. 10,68,932 was admitted for grants-in-aid and the balance of Rs. 43,337 disallowed in audit. The grants due at the percentages in column 6 of statement No. 1 worked out in accordance with the accepted formula amounted to Rs. 3,18,465,—*vide* column 7 of the statement, but Rs. 3,12,226 were paid, the balance of Rs. 6,239, being 10 per cent of the grants due to the District Boards of Rohtak and Jullundur, was deducted as decided by the Communications Board at its meeting held on the 19th August 1944. At this meeting the Board also decided to reduce the percentage for Lyallpur from 25 to 12½ and accordingly this District Board was paid half the grant due. These deductions were necessitated by lack of funds placed at the disposal of the Communications Board for the purpose.

The total grant paid under the head during the year 1944-45 comes to Rs. 3,12,284 including an additional amount of Rs. 58 paid to the District Board of Gujrat on account of arrears of last year's grant.

I. (*b*) *Special Repairs to Class II roads, Rs. 21,500*—Usually a combined allotment for maintenance and special repairs of Class II roads is made, but during 1944-45 the allotment of Rs. 3,00,000 was inadequate even for maintenance purposes and, as due to unprecedented rains of 1944 monsoon, the roads in various parts of the province were severely damaged, the Communications Board at its meeting held on the 19th August 1944, decided to ask for a specific allotment of funds for the purpose. Rupees 21,500 were, therefore, allotted during 1944-45. Against this amount Rs. 18,119 were paid to the various District Boards,—*vide* column 7 of statement No. 3.

II. *Development of Bridges and Roads, Rs. 71,200*—(*a*) *Ordinary Expenditure—Works in progress—Rs. 51,200*—The total allotment received for payment of grants to the District Boards for development works in progress was Rs. 15,000, but the liabilities of the Communications Board far exceeded this amount and hence in accordance with the decision of the Communications Board reached at its meeting held on the 19th August 1944, Rs. 36,200 additional were demanded and placed at the disposal of this office. Against this allotment a total grant of Rs. 51,133 was made.

II. (*b*) *New Works, Rs. 20,000*—A total grant of Rs. 14,478 was paid against this allotment and the balance lapsed as most of the District Boards for which grants were sanctioned during the year failed to earn them in full due to their inability to start works in time for want of supply of cement and steel and other difficulties such as transport and labour.

Total grant paid on development works (both works in progress and new works sanctioned during 1944-45) amounts to Rs. 65,611,—*vide* column 7 of statement No. 2 against a total allotment of Rs. 71,200.

Distribution of grants for 1945-46—The total amount available for distribution this year is Rs. 9,91,900 as below :—

Grants-in-aid to the District Boards for—

	Rs.
(1) Maintenance and special repairs of Class II roads	5,87,500
(2) Development of Bridges and Roads—	
(*a*) Ordinary Expenditure—Works in progress	59,400
(*b*) New Expenditure ..	3,45,000
Total ..	9,91,900

(1) *Maintenance of Class II roads*—Under this head grants-in-aid to District Boards are based on a percentage of the actual audited expenditure incurred by the District Boards on the maintenance of Class II roads during the previous financial year. The percentage is determined for each district by the ratio of :

$$\frac{\text{Estimated cost of maintenance of Class II roads} \times 100}{\text{Normal income}} \text{ plus}$$

5 per cent subject to a minimum and maximum of 25 and 55 respectively. Percentages for 1945-46 for each District Board have been worked out in statement No. 1-A. Exceptions are, however, made in the case of the under mentioned District Boards who are being given since a number of years the percentage grant shown below against each :—

1. Simla	100
2. Mianwali	100
3. Kangra	75
4. Dera Ghazi Khan ..	75

Last year the District Board of Attock was added to this list and its percentage raised as a special case to 50.

The grant to the District Board, Lyallpur, is considered each year as a special case in the light of funds available with the Communications Board. This year the percentage works out to 25 and grant at this percentage be sanctioned as worked out in statement No. 1 against Lyallpur.

The percentages for 1945-46 as calculated according to the formula are again shown in column 10 and the expenditure on the maintenance of Class II roads as reported by the District Boards in column 9 of statement No. 1.

The anticipated expenditure amounts to Rs. 13,21,058 while the anticipated total amount of the grant due as calculated amounts to Rs. 4,33,923 against the allotment for the current year of Rs. 5,87,500 for maintenance and special repairs of Class II roads.

The expenditure on maintenance in column 9 has not been audited and from past experience it is found that District Boards include a number of items which are cut out by the auditors as not being admitted for the purpose of grant, and, therefore, it is expected that this figure is likely to come down appreciably. This will have the effect of reducing the grant liability shown in column 11 of statement No. 1. It is difficult to know the exact liability unless the accounts are audited. It may, however, be assumed as Rs. 4,00,000. This will leave a saving of Rs. 1,87,500 which may be distributed amongst the District Boards on special repair works in progress as follows :—

Special Repair Works in Progress

Ambala—

1. *Special repairs to the Barara-Sadhaura-Kala Amb road, Rs. 4,972*—The Communications Board, Punjab, at its meeting held on the 2nd December 1944, sanctioned a 50 per cent grant of Rs. 2,500 for special repairs to the above road. An estimate for this work was technically sanctioned last year for Rs. 4,972, but no expenditure was incurred by the District Board and hence no grant was paid during 1944-45. The work is expected to be completed during 1945-46 and hence it is suggested that Rs. 2,000 be earmarked for this year and the balance of Rs. 500 for 1946-47.

		Rs.
2	(a) 8′ span arched masonry culvert over Bhujal Nallah in mile 5 of the road ..	2,687

The Communications Board at the meeting held on the 2nd December, 1944 sanctioned a cent per cent grant of Rs. 1,94,500 to the District Board, Kangra, for special repairs to bridges damaged by unprecedented floods of 1944 monsoon. Of this amount Rs. 3,500 were earmarked for 1944-45, Rs. 1,21,000 for 1945-46 and the balance of Rs. 70,000 during 1946-47.

Estimates for the above 6 works totalling Rs. 15,988 were technically sanctioned last year and a 100 per cent grant promised. The District Board incurred an expenditure of Rs. 3,500 against which a grant of Rs. 3,150 was paid. These works are expected to be completed during the current year and it is therefore suggested that the balance of Rs. 12,850 may be earmarked for the current year.

Jullundur—

		Rs.
3.	(a) Special repairs to Nakodar-Nurmahal road ..	1,932
3.	(b) Special repairs to Nurmahal-Jullundur road ..	2,069

The Communications Board at its meeting held on the 2nd December, 1944, sanctioned a 50 per cent grant of Rs. 2,000 to the District Board, Jullundur; Rs. 1,000 for 1944-45 and the remaining amount for 1945-46. The estimates for the above works were technically sanctioned last year and the District Board incurred a total expenditure of Rs. 1,000 on these works up to March 1945, against which Rs. 450 were paid. The works are expected to be completed during the current year, and hence it is suggested that the balance of Rs. 1,550 may be earmarked for 1945-46.

The Commnnications Board at its meeting held on the 2nd December 1944, sanctioned a cent per cent grant of Rs. 35,000 to the District Board, Shahpur, for special repairs to roads to be selected by the District Board including the Kathwai-Uchhali road. An estimate for the above road was sanctioned in March 1945 and the District Board, incurred an expenditure of Rs. 7,000 against it up to the end of the last year, against which a cent per cent grant of Rs. 6,300 was paid. The work is expected to be completed during the current financial year and hence the balance of the grant, viz Rs. 3,648 may be earmarked for the purpose for 1945-46.

Jhelum—

	Total ..	17,866

At its last meeting held on the 2nd December 1944, the Communications Board sanctoined a 50 per cent grant of Rs. 7,500 to the District Board, Jhelum, for special repairs to the works detailed above.

Estimates for these works were technically sanctioned in March 1945, but no expenditure on them was incurred last year and hence no grant was paid. Major portion of the works is expected to be completed during the current year and hence it is suggested that Rs. 6,000 be earmarked for 1945-46 and Rs. 3,000 for the next year.

Estimates for the above works from 6(*a*) to 6(*u*) were technically sanctioned last year for Rs. 23,593. The District Board incurred a total expenditure of Rs. 13,822 on these works against which Rs. 6,219 were paid last year. The District Engineer has reported that the works will be completed this year and hence the balance of grant, *viz*., Rs. 5,578 may be earmarked for 1945-46. The estimate for the Pir Wadhai bridge has not so far been technically sanctioned.

Attock—

		Rs.
7	(*a*) Special repairs to Thatta-Nara road ..	8,763
7	(*b*) Constructing retaining walls on the Pindigheb-Jand road ..	1,064

The Communications Board at its meeting held on the 2nd December 1944, sanctioned a 100 per cent grant of Rs. 10,000 to the District Board, Attock, for special repairs to roads severely damaged by the floods of 1944 monsoon. Against this grant estimates for the above 2 works were technically sanctioned during 1944-45. An expenditure of Rs. 2,287 was incurred by the District Board on work No. 1 against which a grant of Rs. 2,000 was paid. The works have been completed and hence it is suggested that the balance of Rs. 7,812 be paid during 1945-46.

Dera Ghazi Khan—(8) Filling cuts on the Jampur-Dajal road .. Rs. 6,582

The Communications Board at its meeting held on the 2nd December 1944, sanctioned a cent per cent grant of Rs. 5,000 to the District Board, Dera Ghazi Khan, for the above work. An estimate for this work was technically sanctioned for Rs. 5,184 last year but no expenditure was incurred by the District Board during that year and hence no grant was paid. The estimate has now been revised to Rs. 6,582. It is, therefore, suggested that a cent per cent grant up to this amount be sanctioned. Rupees 4,000 may be earmarked for 1945-46 and balance of Rs. 2,582 for 1946-47.

The total amount required for special repair works in progress works out to Rs. 43,438,—*vide* column 8 of statement No. 3 against the total amount available of Rs. 1,87,500. The balance of Rs. 1,44,062 may be distributed as follows :—

Kangra—Reconstruetion of the following washed away bridges on the Palampur-Dadh road :—

	Rs.
1(*a*) 100″ span and a shore span of 30″ on the Baner Khad ..	50,000

1(*c*) 40′ span bridge over the Bhiral Khad ..	15,000

Reconstruction of the following washed away bridges on the Alampur-Bhawarna-Thakardwara road :—

	Rs.

Dhanotu-Shahpur Class III road	
1(*h*) Bridge over the Khauli Khad	20,000
Baijnath-Chobu Class III road	
1(*i*) Construction of a bridge over the Biwan Khad ..	15,000
Total ..	1,78,500

A cent per cent grant has already been sanctioned by the Communications Board for the above works at its meeting held on the 2nd December 1944. Out of total grant of Rs. 1,78,500, Rs. 1,08,500 has been proposed to be earmarked for 1945-46 and the balance for 1946-47 as per details given in statement No. 4 against Kangra.

	Rs.
1(*j*) Reconstructing of Ava Khad bridge on the Palampur-Bandla Bir Class III road ..	40,000
1(*k*) Reconstruction of the washed away suspension bridge over the Baner Khad on the Bhawan-Thanpuri Class III road ..	15,000

1(*j*) The question of a cent per cent grant for the reconstruction of this bridge was considered by the Communications Board at its meeting held on the 2nd December 1944, but in view of an alternative route which exists between Palampur and Bir, it was not considered essential.

The Chairman of the District Board has now represented that the road is a most important class III road running at the foot of the Dhaula-Dhar range through many thriving and populous villages and connecting Palampur with Mandi State. He further states that the bridge is also useful to the Military and that the Officer Commanding, 7th Gurkha Regimental Centre, Palampur, has supported the representation of the inhabitants of the ilaqa. The bridge is estimated to cost Rs. 40,000 and as the work is important it is suggested that a 100 per cent grant be sanctioned. Rupees 1,000 may be earmarked for 1945-46 and Rs. 39,000 for 1946-47.

1(*k*) The question of the reconstruction of this bridge was also considered by the Communications Board at its meeting held on the 2nd December 1944, but it was postponed pending decision about the retention after the war of the Kangra Valley Railway.

The Deputy Commissioner and Chairman, District Board, Kangra, has now strongly recommended the reconstruction of this bridge on the basis of representation received from the Zamindars inhabiting the Changar Ilaqa lying on the same side of the Khad as the railway station. These Zamindars have to carry their agricultural produce to Bhawan for sale and also work as labourers in the town to supplement their meagre agricultural income. They cannot cross the Khad unless a bridge is constructed. The Deputy Commissioner also reports that this ilaqa has also supplied a considerable number of recruits to army in the war.

The bridge is estimated to cost Rs. 15,000. A cent per cent grant of Rs. 15,000 may be sanctioned. Rupees 1,000 may be earmarked for 1945-46 and the balance of Rs. 14,000 for 1946-47.

Shahpur—	Rs.
2(*a*) Special repairs to Sahiwal-Jhang road. ..	14,361
2(*b*) Special repairs to Sargodha-Kot Moman road ..	4,774
2(*c*) Special repairs to Laksin-Kot Moman road ..	4,703
Total ..	23,838

At the last meeting of the Communications Board held on the 2nd December 1944, a cent per cent grant of Rs. 35,000 was sanctioned for this District Board. Against this an estimate for Rs. 9,948 for special repairs to the Kathwai-Uchhali road was sanctioned last year and the 3 estimates detailed above were sanctioned this year. Provision for the Kathwai-Uchhali road has been made in statement No. 3 (Special Repair Works in Progress). As regards the above 3 works Rs. 20,000 may be earmarked as a cent per cent grant for 1945-46 and Rs. 3,838 for 1946-47.

Rawalpindi—	Rs.
3 (*a*) Reconstructing the Pir Wadhai bridge on the Rawalpindi-Golra-Shahallahditta road ..	23,000
3 (*b*) Special repairs to the Murree-Kohala bridle road ..	5,652

3 (*a*) The Communications Board at its meeting held on the 2nd December 1944, sanctioned a 50 per cent grant for this work estimated to cost Rs. 23,000. An estimate for this work is likely to be sanctioned and the work taken in hand this year. A 50 per cent grant of Rs. 5,500 may be earmarked for this year, and the balance of Rs. 5,500 for 1946-47. The Chairman, District Board, has again requested that a cent per cent grant be sanctioned as the District Board is unable to find balance of 50 per cent from its funds. It may be decided by the Board whether the percentage be raised to cent per cent. In view of the fact that this District Board has to maintain a large mileage of roads in hilly area, it is recommended that a cent per cent grant be allowed for the work.

3 (*b*) This road has been damaged severely in parts by the heavy snowfall of last winter and has become absolutely impassable. It is most essential to restore it to its original condition. The District Board has expressed its inability to contribute any money for this work and has therefore requested for a cent per cent grant. It is suggested that a 50 per cent grant be sanctioned for this work of which Rs. 2,000 may be earmarked for 1945-46 and the balance of Rs. 826 for 1946-47.

The District Boards of Montgomery and Multan were sanctioned 50 per cent grants of Rs. 2,000 and Rs. 5,000 respectively by the Communications Board at its meeting held on the 2nd December 1944 towards special repairs to roads damaged by floods of 1944 monsoon. These District Boards have not so far been able to produce estimates and hence no grant for these District Boards is earmarked for the current year.

The total amount of grant required for new works during the current year works out to Rs. 1,38,000 against the amount available of Rs. 1,44,062. The balance of Rs. 6,062 say Rs. 6,000 may be held in reserve to be distributed on special repair works that may be referred to the Communications Board during the year.

Rupees 1,40,000 may be demanded for next year on account of the liability of the Communications Board for special repairs works for 1946-47,—*vide* column 9 of Statement No. 3 and column 7 of Statement No. 4.

Development of Bridges and Roads—Works in Progress—Rs. 59,400.

These works are detailed in statement No. 2 and a brief description of each of these is given below :—

Hissar—(1) Metalling the Hissar-Ratera Tosham road—Estimated cost .. Rs. 67,319

The Communications Board at its meeting held on the 19th August 1943, sanctioned a 50 per cent grant for this work, then estimated to cost Rs. 33,510. In consequence, however, of the lowest tender for the work having been received at 70 per cent above the estimated rates, the estimate was revised and technically sanctioned for Rs. 67,319.

During 1944-45, a total expenditure of Rs. 38,268 was incurred against which a grant of Rs. 17,221 was paid. The work is expected to be completed this year and hence a large portion of the grant will be earned by the end of this year. It is therefore suggested that a grant of Rs. 13,000 be earmarked for 1945-46 and Rs. 3,000 for 1946-47.

Rohtak—(2) Metalling the Sampla-Chhara road—estimated cost .. Rs. 77,070

The Communications Board at its meeting held on the 19th August 1943 sanctioned a 50 per cent grant of Rs. 22,000 for this work then estimated to cost. Rs. 64,000. Out of the balance of Rs. 42,000 Rs. 10,000 was to be donated by Rai Sahib Lala Khushi Ram of Chhara and Rs. 32,000 to be found from the District Board funds.

An estimate for this work was originally technically sanctioned for Rs. 66,238 and the work was given on contract. Subsequently owing to an abnormal rise in the rate for materials, etc., and wages for labourers the estimate was revised and technically sanctioned for Rs. 77,070.

Up to the end of the last financial year, the District Board reported an expenditure of Rs. 43,186 against which a grant of Rs. 13,361 has been paid. The work is expected to be completed during the current financial year and the balance of grant due at 22/64 of the total cost, viz., Rs. 13,000 may be earmarked for the current year.

Gurgaon—(3) Metalling miles 3 to 10 of the Hodal-Punahana road estimated to cost .. Rs. 36,207

An estimate for this work was technically sanctioned for Rs. 36,207 in 1939-40 and a 50 per cent grant of Rs. 18,000 sanctioned. Up to the end of 1943-44, a total expenditure of Rs. 26,716 was incurred against which a grant of Rs. 13,054 was paid up to the end of that year. Owing to a rise in the rates for materials and labour the contractor showed reluctance to do the work against the sanctioned estimate, hence no work was done last year. The District Board now proposes to revise the estimate and anticipates an expenditure to the extent of Rs. 16,000 and has, therefore, asked for a grant of Rs. 8,000 during 1945-46. It is doubtful if the District Board would be able to spend as much as Rs. 16,000 as so far no contractor has come forward to do the work. It is, therefore, suggested that in case District Board takes the work in hand and incurs further expenditure thereon against the revised estimate the Secretary, Communications Board may be authorised to pay a grant under the rules provided funds are available

Out of the balance of Rs. 10,611, Rs. 6,000

The work has been completed at a total cost of Rs. 13,459. Grants in aid at 50 per cent amounts to Rs. 6,730 against which Rs. 6,064 were paid up to the end of 1943-44. 5 (*b*) A 50 per cent grant of Rs. 5,000 was sanctioned for this work last year and an estimate for Rs. 8,504 technically sanctioned in January 1945. An expenditure of Rs. 2,771 was incurred up to the end of the last financial year against which a grant of Rs. 1,247 was paid. The work is expected to be completed during the current year. Out of the balance of grant of Rs. 3,000, Rs. 2,000 may be earmarked for 1945-46 and the remaining amount, viz., Rs. 1,000 for 1946-47.

5 (*c*) The Communications Board at its meeting held on the 19th August 1944, approved of the metalling of the Shahzadpur-Naraingarh road at an estimated cost of Rs. 69,000 and sanctioned a 50 per cent grant. During 1944-45 an estimate for earthwork only for Rs. 3,998 was sanctioned in February 1945. 7 (*a*) to 7 (*c*)—The Communications Board at its meeting held on the 19th August 1943, sanctioned a 50 per cent grant for the above works. For want of revised administrative approval from the Commissioner these works were not started during 1943-44, and during 1944-45 the District Board was unable to incur any expenditure on these works as no cement was available. Major portion of the works is expected to be completed during 1945-46 and hence Rs. 3,000 may be earmarked for 1945-46 and the balance of grant due, viz., Rs. 1,500 for 1946-47.

The total expenditure incurred on these works up to 1943-44 is Rs. 7,633, but after audit Rs. 7,361 have been admitted for a grant in aid, which works out to Rs. 3,680. A total grant of Rs. 3,312 was paid up to 1943-44. The balance of Rs. 368 may be paid during 1945-46

Gujranwala—(16) No works in progress.

Sheikhupura

(17) *Improvement to mile 13 of the Sheikhupura-Shahkot Road Rs. 10,230*—The above work has been completed at a cost of Rs. 7,762 and the Communications Board grant at 50 per cent works out to Rs. 3,881 against which Rs. 3,428 were paid up to the end of the financial year 1943-44 and the balance of Rs. 453 during 1944-45. No grant is due during 1945-46.

Gujrat

(18) *Metalling mile 5 (part) of the Gujrat-Awan Road Rs. 10,803*—The Communications Board at its meeting held on the 19th August, 1944, sanctioned a 50 per cent grant for this work then estimated to cost Rs. 6,462. Owing to the transport and other difficulties in obtaining materials no contractor came forward to tender for the work hence it was not started last year and no expenditure was therefore incurred. The District Board now reports that efforts will be made to complete it during the current year. It is therefore suggested that a 50 per cent grant of Rs. 3,000 may be earmarked for 1945-46 and the balance of Rs. 2,400 for next year.

Shahpur—(19) No works in progress.

Jhelum—20 (*a*) Raising miles 5 and 6 of the Jhelum-Pind Dadan Khan road .. 1,848

20 (*d*) Reconstruction of bridge in mile 25 Jhelum-Jalalpur-Pind Dadan Khan road .. 4,008

20 (*a*) to 20 (*c*). The Communications Board at its meeting held on the 19th August, 1944, sanctioned a 75 per cent grant of Rs. 5,780 for these works then estimated to cost Rs. 7,707. Estimates for these works were technically sanctioned last year for the amounts as noted against each, but no expenditure on these was incurred during 1944-45, and hence no grant was paid during that year. It is expected that major portion of these works will be completed during 1945-46, and hence it is recommended that Rs. 4,000 be earmarked for this year and the balance of Rs. 1,900 during 1946-47.

20 (*d*). The Communications Board at its meeting referred to above sanctioned a 75 per cent grant of Rs. 2,413 for this work estimated to cost Rs. 3,217 and an estimate for the work was technically sanctioned last year for Rs. 4,008.

The District Board incurred an expenditure of Rs. 2,396 on this work up to March, 1945, against which a 75 per cent grant of Rs. 1,617 was paid. The work is expected to be completed during the current year. It is therefore suggested that the balance of grant, viz., Rs. 1,389 may be earmarked for 1945-46.

Rawalpindi

Rs.

21 (*a*) Conversion of Lower Topa Gulehragali-Ban road into a motorable road .. 8,365

21 (*c*) Widening Rawalpindi-Shahallahditta road .. 1,600

21 (*a*). The estimate for this work was technically sanctioned for Rs. 8,365 in December 1943, at the request of the Forest Department. The District Board could not start the work during 1943-44 and 1944-45 as the question of alignment of the road was not settled. The work is expected to be taken in hand and completed during the current year and hence Rs. 2,000 may be earmarked for 1945-46.

21 (*b*). The Communications Board at its meeting held on the 19th August, 1944, sanctioned a 50 per cent grant for the work then estimated to cost Rs. 2,091. Subsequently due to an abnormal rise in the rates for materials etc., the estimate was technically sanctioned for Rs. 3.824. The work is expected to be completed during the current year and the total amount of grant likely to be paid by the Communications Board works out to Rs. 1,912. Rs. 500 were paid during 1944-45 and the balance of Rs. 1,400 may be paid during 1945-46.

21 (*c*). The work has been completed at a total cost of Rs. 2,805. The grant sanctioned for this work is 100 per cent up to the sanctioned amount of the estimate viz., Rs. 1,600. Rs. 1,440 were paid up to 1943-44 and the balance of Rs. 160 was paid during 1944-45. No grant is due during 1945-46.

22 (*f*)	Construction of culverts on the Pindigheb-Makhad road ..	33,442
22 (*g*)	Constructing retaining walls in Kala Nallah on Hassanabdal-Fatehjang road ..	5,127
22 (*h*)	Constructing culverts, causeways, retaining walls and bajri spreading Campbellpur-Fatehjang road ..	14,047

22 (*a*). An estimate for this work was technically sanctioned for Rs. 8,423 in December, 1939, and a lump sum grant of Rs. 2,700 sanctioned. In June, 1941, the estimate was revised to Rs. 12,268 and a 50 per cent grant of Rs. 6,134 sanctioned.

Up to the end of 1942-43, an expenditure of Rs. 6,577 was incurred against which a grant of Rs. 2,960 was paid. Thereafter the work was suspended for want of steel and cement and hence no expenditure was incurred during the subsequent 2 years. The District Engineer now states that steel has been sanctioned by Government and that as soon as it arrives and the cement is available the work will be taken in hard during the current year. He anticipates an expenditure of Rs. 9,308 during the current financial year.

Last year, the Commissioner, Rawalpindi Division, recommended that, as the District Board was unable to find its share of the cost of this work, the percentage of grant be raised from 50 to 100, but as there was no possibility of the work being undertaken no grant was sanctioned. It is therefore for consideration of the Finance Sub-Committee whether the percentage be raised to 100 and, if so, it is suggested that Rs. 4,000 be earmarked for 1945-46 and the balance of Rs. 5,000 for 1946-47.

22 (*b*). The Communications Board at its meeting held on the 19th August, 1943, sanctioned a cent per cent grant for this work and an estimate for this work was sanctioned for Rs. 3,519 during 1943-44, but no expenditure during that year was incurred and hence no grant was paid. Due to a rise in the rate for materials, etc., the estimate was revised to Rs. 4,061 in 1944-45 and a cent per cent grant sanctioned.

Last year an expendirure of Rs. 1,128 was incurred against which a grant of Rs. 1,015 was paid. The work is expected to be completed during the current year. It is therefore suggested that Rs. 2,500 may be earmarked for 1945-46 and the balance of Rs. 500 for 1946-47.

22 (*c*). The Communications Board at its meeting held on the 19th August, 1943, sanctioned a 50 per cent grant for this work estimated to cost Rs. 5,108. An estimate for this amount was technically sanctioned in September, 1943, and as the District Board did not incur any expenditure on the work during 1943-44 no grant in that year was paid.

During 1944-45, the estimate was revised and technically sanctioned for Rs. 7,539 and the work completed at a total cost of Rs. 7,508. A cent per cent grant of Rs. 4,597 was paid last year and it is suggested that the balance of Rs. 2,911 be paid this year.

22 (*d*). An estimate for this work was technically sanctioned for Rs. 6,315 during 1943-44 with a cent per cent grant. During 1944-45, the estinate was due to a rise in the rates for materials, etc., revised to Rs. 8,525 and the work completed at a total cost of Rs. 8,050. Grant paid up to the end of the last year is Rs. 5,683,—*vide* statement No. 2 attached. The balance of Rs. 2,367 on 100 per cent basis is suggested to be paid during 1945-46.

22 (*e*). A lump sum grant of Rs. 5,000 was sanctioned for this work during 1943-44 then estimated to cost Rs. 5,986. Last year the estimate was revised and sanctioned for Rs. 8,676 and a cent per cent grant sanctioned by the Communications Board at its meeting held on the 19th August, 1944. The work was completed at a total cost of Rs. 8,665 against which a total grant of Rs. 7,729 has been paid. The balance of Rs. 936 may be paid during the current year.

22 (*f*) to 22 (*h*). The Communications Board at its meeting held on the 19th August, 1944, sanctioned a 90 per cent grant for these 3 works then estimated to cost Rs. 48,404. However, due to a subsequent rise in the rates for materials and wages of labourers the estimates were actually sanctioned for Rs. 52,616 as detailed above. The District Board of Attock stated that on account of paucity of funds it was unable to find the balance of 10 per cent from its own funds and therefore requested for a cent per cent grant. Both the Deputy Commissioner and the Commissioner have recommended the application of the District Board for a cent per cant grant which it is suggested may be sanctioned. Rs. 35,000 may be earmarked for 1945-46 and the balance of Rs. 17,000 for the next year.

Estimate No. 22 (*g*) has been revised from Rs. 5,127 to Rs. 5,896 due to the lowest tender having been received for this work at 15 per cent above the premium rate. Estimate No. 22 (*h*) has also been revised from Rs. 14,047 to Rs. 20,968 due to the inclusion of certain retaining walls in it which were heavily damaged but had been left out of the estimate and also to the tenders for the work having been received at 15 per cent above the premium rate. Revised administrative approval to these estimates 22 (*f*) to 22 (*h*) may be accorded at a cost shown against each and extra cost required sanctioned for 1946-47. Instead of Rs. 17,000 Rs. 23,896 may be sanctioned for next year.

Mianwali—(23) Special repairs to the Musakhel-Trutta Road,—Rs. 3,361.

A lump sum grant of Rs. 3,000 was sanctioned for this work estimated to cost Rs. 3,361. It was completed in 1943-44 at a total cost of Rs. 3,274 against which a grant of Rs. 2,700 was paid up to 1943-44 and Rs. 300 during 1944-45. No grant is due this year.

The Communications Board at its meeting held on the 19th August, 1944, sanctioned a 100 pre cent grant of Rs. 10,000 for the above work and an estimate for the same was technically sanctioned for Rs. 9,854 in January, 1945. The District Board expects to complete the work at a total cost of Rs. 11,804 against which Rs. 5,904 were paid last year. Out of the balance of Rs. 5,900, Rs. 4,700 may be earmarked for 1945-46 and Rs. 1,200 for 1946-47.

29 (*f*) Remodelling the bridge over the Hot distributary in mile 10 of the D.G. Khan-Taunsa road.	4,969
29 (*g*) Construction of a bridge at R.D. 21,400 Rojhan Minor Kotla Nasir-Rojhan road.	4,767

29 (*a*). The Communications Board at its meeting held on the 10th July, 1941, sanctioned a 50 % grant for this work estimated to cost Rs. 5,065. The work was completed last year at a total cost of Rs. 4,809. The total grant due at 50 % amounted to Rs. 2,405 against which Rs. 2,279 were paid prior to 1944-45 and the balance of Rs. 126 during 1944-45. No further grant is due this year.

29 (*b*) to 29 (*e*). The Communications Board at its meeting held on the 20th August, 1943, sanctioned a 50 % grant of Rs. 5,177 for these works estimated to cost Rs. 10,353. Estimates for these works were technically sanctioned in February, 1943 for the amount as noted against each. Works Nos. 29 (*b*) to 29 (*d*) were completed last year at a total cost of Rs. 10,668 as shown in statement No. 2. Total grant due worked out to Rs. 5,334 against which Rs. 3,297 were paid prior to 1944-45, Rs. 1,661 during 1944-45 and the balance of Rs. 376 is suggested for payment during 1945-46. As regards work No. 29 (*e*) the District Engineer intimates that it will be taken in hand and completed during this year. A 50 % grant of Rs. 141 is therefore suggested for this work.

No. 29 (*f*). The Communications Board at its meeting held on the 19th August, 1944, sanctionied a 90 % grant for this work estimated to cost Rs. 4,969. An estimate for this work was technically sanctioned in September, 1944, for Rs. 4,969, and the work is being executed by the Executive Engineer, Indus Canals Division, D.G. Khan, on behalf of the District Board. During 1944-45 an expenditure of Rs. 4,868 was incurred against which a grant of Rs. 2,434 was paid. It is suggested that the payment of the balance of grant, viz., Rs. 1,947 be made during1945-46

29 (*g*) The Communications Board at its meeting held on the 19th August, 1944, sanctioned a 90 % grant for this work estimated to cost Rs. 3,551. An estimate for this work was technically sanctioned last year for Rs. 4,767, but the execution of this work has been held in abeyance by the District Board pending decision about the work of diversion of the Kotla Nasir-Rojhan road near Badli. This estimate has been included in the list of new works requiring grants-in-aid from the Communications Board. No grant for this work is recommended.

Vide column 8 of statement No. 2, the total liability of the Communications Board on account of works in progress carried over from last year amounts to Rs. 1,17,639 say Rs. 1,17,000 against the allotment of Rs. 59,400. The balance of Rs. 57,600 may either be demanded in the Ist List of excesses and surrenders or it may be transferred from the anticipated saving of Rs. 1,42,000 from the provision of Rs. 3,45,000 under head New Works. Some of these works will have to be carried over to 1946-47 and for this purpose a sum of Rs. 52,283 (45,387,—*vide* column 9 of statement No. 2+6,896 difference of the amounts of estimate shown against Nos. 22 (*g*) and 22 (*h*) and amounts of revised estimates for these works) is required. Rupees 52,000 may therefore be demanded in the Budget Estimate for 1946-47 for allotment as ordinary expenditure under head "Development of Bridges and Roads".

New Development Works—Rs. 3,45,000.

Out of Rs. 3,45,000, Rs. 65,000 have specifically been allotted for works in the districts of Ambala and Rawalpindi as follows :—

Rs. 25,000.—As a fifty % grant to the District Board of Ambala towards the metalling of the road from Shahzadpur to Naraingarh estimated to cost Rs. 50,000.

This work is not likely to be taken in hand earlier as the alignment of the road has not yet been decided. The District Board is not likely to earn the full grant earmarked, viz., Rs. 25,000. It is, however, expected that work to the extent of Rs. 20,000 will be carried out against which a 50 per cent less 10 per cent, viz., Rs. 9,000 may be earmarked. The balance of grant, viz., Rs. 16,000 may be budgeted for next year under head works in progress. Metalling Rawalpindi-Golra-Shahallah-ditta road at an estimated cost of Rs. 2,23,000.

The Communications Board at its meeting held on the 19th August 1944, sanctioned a 50 per cent grant of Rs. 40,000 for the above work and accordingly provision for this amount was made in the budget for 1945-46.

Last year the District Board of Rawalpindi applied for a cent per cent grant for this work but only 50 per cent was sanctioned. In accordance with the decision of the Board and the provision made, the District Board of Rawalpindi was asked to make provision of Rs. 40,000 from its own funds during 1945-46 on 50 per cent basis. In reply to this the District Board has passed a resolution to the effect that Government should again be moved to sanction a cent per cent grant for this project as the present financial position of the District Board is so poor that even the existing roads cannot be maintained satisfactorily. In the circumstance it is for consideration whether any more metalled mileage be added to the list of roads in charge of the District Board, Rawalpindi, as even if a cent per cent grant is paid to the District Board it will not be able to maintain the road satisfactorily. The metalling of this road may therefore for the present be postponed.

In addition to the above works the District Board of Rohtak, Karnal, Jullundur, Gurdaspur, Sheikhupura, Gujrat, Attock, Multan and Dera Ghazi Khan have sent in fresh estimates for new development works as detailed in statement No. 5 and have asked for grants-in-aid at varying percentages as detailed below :—

For the purpose of comparing grants made to District Boards, statement No. 7 showing grants actually paid to each District Board during the last 5 years is attached for the information of members.

Rohtak—Construction of culverts on the Beri-Lahli road.

The Communications Board at its meeting held on the 19th August 1944, sanctioned a 50 per cent grant for this work estimated to cost Rs. 3,410. Owing to a further rise in the rates for materials, etc., the work is now estimated to cost Rs. 5,818. The estimate is likely to be sanctioned this year. It is suggested that a 50 per cent grant of Rs. 2,000 may be earmarked for 1945-46 and the balance of Rs. 900 for 1946-47.

Karnal—

	Rs.
2(*a*) Raising approaches of 20′ R. C. Slab bridge in mile 1 of Pehowa-Bhagal Road.	612
2(*b*) Raising approaches of a bridge of 4 spans 20′ each mile 1 of the Pehowa-Kaithal road.	2,335
2(*c*) Raising miles 1 and 2 of Pundri-Rajaund road	1,912
2(*d*) Constructing 3′ span culvert at 1,600 ft. on west of G. T. Road Panipat-Gohana road and earthwork.	2,748
2(*e*) Constructing 3′ span culvert at 30′ north 2′ R. C. culvert near dispensary, Ladwa-Shahabad Ladwa road.	1,052
2(*f*) Constructing 3′ span culvert on north of Railway crossing mile 2 Karnal-Hansi road.	732
(*g*) Constructing 3′ span culvert about 100 ft. east of Junction of Panipat-Safidon and Panipat-Asand roads.	1,156
2(*h*) Making proper ramps of 4 culverts on Karnal-Pehowa road.	2,770

The District Board of Karnal has sent in 8 estimates totalling Rs. 13,317 and has asked for a 50 per cent grant of Rs. 6,658. The works are urgent and hence the grant demanded may be sanctioned, Rs. 5,000 may be earmaked for 1945-46 and the balance of Rs. 1,658 for 1946-47.

Jullundur (4)—Paving 2 miles and 2 furlongs of the Nurmahal-Jullundur unmetalled road and construction of retaining wall and a gap,—Rs. 14,123

A cent per cent grant of Rs. 14,123 has been demanded by the District Board. The length of 2¼ miles of this road was paved over 30 years back. It has now become so bad that no vehicular traffic can pass over this easily as pot-holes have been formed. Important villages lie on this road and the inhabitants thereof feel it very inconvenient to bring their produce to the market. It is therefore recommended that a 50 per cent grant be allowed for this work, Rs. 5,000 be earmarked for expenditure during the year 1945-46 and Rs. 2,000 for 1946-47.

Ludhiana (5)—Improvement of the Ludhiana-Sorabha road—Rs. 11,534.

The Communications Board at its meeting held on the 19th August 1943 sanctioned a 25 per cent grant for this work estimated to cost Rs. 5,477. No estimate for this work was sent by the District Board during the last 2 years. The District Engineer has now sent an estimate for Rs. 11,534 which will technically be sanctioned in due course. It is suggested that a 25 per cent grant of Rs. 2,884 may be sanctioned, of which Rs. 1,500 may be earmarked for 1945-46 and the balance of Rs. 1,384 for 1946-47.

Gurdaspur—

	Rs.
6 (*a*) Repairing portion of miles 1 and 2 and constructing a culvert mile 1 Dina Nagar-Narot Jaimal Singh road ..	1,723
6 (*b*) Construction of an Irish bridge and raising low lying portions in mile 8 Batala-Raya-Beas road	1,950
6 (*c*) Construction of an Irish bridge in mile 21 Nainakot-Shahgharib road ..	1,310
6 (*d*) Construction of an Irish bridge in mile 19 Nainakot-Shahgharib road ..	880
6 (*e*) Constructing a retaining wall and raising road to bring it up to its original standard mile 11 Batala-Bhet road ..	1,972
Total ..	7,835

These works are important and it is suggested that a 50 per cent grant of Rs. 3,918 may be sanctioned. Rupees 3,000 may be earmarked for 1945-46 and the balance of Rs. 918 for 1946-47.

Sheikhupura—

	Rs.
7 (*a*) Improvement to the Amritsar-Gujranwala road ..	8,123
7 (*b*) Improvement of the Baraghar-Syedwala road ..	3,326
Total ..	11,419

A cent per cent grant of Rs. 11,449 has beenr asked for these works. Estimates have not so far been received. No grant is, therefore, recommended

Gujrat—Improvement of :—

	Rs.
8 (*a*) Gujrat-Awan Road ..	3,575
8 (*b*) Jalalpur Jattan-Tanda Road ..	1,810
8 (*c*) Dinga-Mong-Malakwal Road ..	2,231
8 (*d*) Daulatnagar-Karianwala Road	1,910
8 (*e*) Jalalpur Jattan-Karianwala Road ..	988
8 (*f*) Kuthala Sheikhan-Kadirabad Road ..	1,276
8 (*g*) Rukan-Malakwal Road ..	832
8 (*h*) Kunjah-Phalia Road ..	6,500
8 (*i*) Gujrat-Bhimber Road ..	2,500
8 (*j*) Phalia-Kadirabad Road ..	1,200
8 (*k*) Gujrat-Sheikhupura Road ..	3,500
Total ..	26,322

Some of the above works are urgent and a 50 per cent grant of not more than Rs. 7,000 may be earmarked for the most urgent works to be selected by the District Board, Rs. 5,000 may be earmarked for 1945-46 and Rs. 2,000 for 1946-47.

(9) *Attock*—Making retaining walls and a drum culvert along the newly constructed bridge in Nili Nallah on the Hassanabdal-Tarkheli Ilaqa Road .. Rs. 2,522

The construction of this bridge was completed by the District Board, Attock, during 1944-45 at a total cost of Rs. 8,665 with a cent per cent grant-in-aid from the Communications Board. The construction of the retaining walls and the culvert has been considered necessary to protect the bridge against floods and hence the District Board has sent in an estimate for Rs. 2,522 and has asked for a cent per cent grant-in-aid.

The work being of urgent nature is required to be carried out before the monsoon. The President has, therefore, in exercise of the powers delegated to him under rule VII of the Rules of Business of the Communications Board sanctioned a lump sum grant of Rs. 1,000 leaving the balance to be sanctioned by the Board. It is, therefore, suggested that Rs. 2,522 (including Rs. 1,000 sanctioned by the President) may be sanctioned for the year 1945-46.

(10) *Multan*—Laying brick track on the Multan-Shujabad-Jalalpur-Pirwala Road .. Rs. 38,502

Owing to restriction in booking by Railway Department this road is extensively used by bullock carts with iron tyres and has, therefore, been greatly damaged in soft stretches and requires special improvement. As it is difficult to get coal for the burning of bricks the District Board may be advised to postpone the work.

Dera Ghazi Khan—

	Rs.
11 (*a*) Demolition of old Penco culverts and construction of 2′ span arched culverts Kotla Nasir-Rojhan Road ..	3,170
11 (*b*) Raising low-lying stretches near Badli Kotla-Nasir Rojhan Road	4,510
11 (*c*) Raising of road and construction of culvert on Draman Jhok Utra Road ..	38,841
11 (*d*) Construction of culverts on Choti-Jampur Road ..	30,891
11 (*e*) Raising of road and construction of culverts on Kot Chhuta-Sheru Road ..	49,746
11 (*f*) Raising road and construction of culverts Jampur-Kotla Moghlan Road. ..	33,296
11 (*g*) Raising Road and construction of culverts on Fazilpur-Hajipur Road ..	20,474
11 (*h*) Diversion of the Kotla Nasir-Rojhan Road ..	80,404

11 (*a*) The Communications Board at its meeting held on the 19th August 1944, sanctioned a 90 per cent grant for this work estimated to cost Rs. 800. The District Board has now prepared and submitted an estimate for this work for Rs. 3,170 and has asked for a cent per cent grant. For improvement of communications in the southernmost part of Dera Ghazi Khan District the cent per cent grant asked for this work is recommended. Rupees 2,000 be earmarked for 1945-46 and the balance of Rs. 1,170 in 1946-47.

11 (*b*) The Communications Board at its meeting referred to above sanctioned a 90 per cent grant for this work estimated to cost Rs. 939. An estimate for this work has now been prepared for Rs. 4,510, and a cent per cent grant asked for. This grant is also recommended. Rs. 3,000 be earmarked for 1945-46 and Rs. 1,510 in 1946-47, Roads No. 11(e) and 11 (h) are Class II roads and as such are eligible for development grant from the Communications Board. Road No. 11 (h) is likely to be metalled in the near future in the Post-War Scheme and hence it does not seem to be desirable to spend anything on this road out of the funds at the disposal of the Communications Board. The remaining roads viz., Nos. 11 (c), 11 (d), 11 (f) and 11 (g) are Class III roads for which no grant is ordinarily admissible.

The district of Dera Ghazi Khan is deprived of railway communications unlike other districts in the Punjab and consequently it is very necessary that its road communications should be improved. A cent per cent grant of Rs. 49,746 is suggested for 13 (e). Rs. 15,000 may be earmarked for 1945-46 and the balance of Rs. 34,746 for 1946-47.

Total grant recommended for these works amounts to Rs. 53,000, against the amount available of Rs. 65,000.

The saving of Rs. 12,000 may be held in reserve to be distributed later on during the year.

The sum of Rs. 62,000 shown in column 7 of statement No. 5 may be demanded for 1946-47 for works in progress carried over from 1945-46.

Improvement of unmetalled Class II Roads Incharge of the District Boards. Rs. 2,80,000.

The amount of Rs. 2,80,000 has specifically been allotted for the purpose of payment of grants to the District Boards towards the improvement of their unmetalled roads so as to make them suitable for motor service and thereby avoid overcrowding of the main metalled roads directly motor traffic becomes available after the war. The scheme for the gradual and systematic improvement of roads has been launched at the instance of the Transport Controller with the Government of India in the Department of War Transport. He suggests that the District Boards be persuaded by grants-in-aid to develop and improve their roads.

The District Boards were accordingly asked to submit estimates for not more than Rs. 10,000 for preliminary work on roads such as raising banks and construction of bridges and culverts. Estimates from all District Boards except Jullundur, Sheikhupura, Sialkot and Mianwali have been received as detailed in statement No. 6. These are being scrutinised by this office and will technically be sanctioned in due course.

It is suggested that the District Boards may be encouraged to improve these roads with a cent per cent grant-in-aid from the Communications Board as otherwise it seems unlikely that they will be inclined to do any work of improvement on these roads. A cent per cent grant of Rs. 10,000 may therefore be sanctioned for each District Board except Simla where there is only one unmetalled road of about 5 miles long and the Secretary of the Board authorised to technically sanction estimates for these roads and pay grants to each District Board of not more than Rs. 10,000 during the year according to rules in force.

The state of estimates received from each District Board as detailed in statement No. 6 is as follows :—

Hissar—This District Board has sent in 3 estimates detailed in statement No. 6 totalling Rs. 10,545 and has asked for a 100 per cent grant of the same amount. A 100 per cent grant of Rs. 10,000 may be sanctioned for the current year.

Rohtak—This District Board has sent in 3 estimates aggregating Rs. 16,702 and has asked for a 100 per cent grant. These estimates have also been returned to the District Board for certain correction and resubmission. Gurgaon—This District Board has also sent in the same Number of estimates as the above 2 District Boards totalling Rs. 22,650 as detailed in statement No. 6. Estimates for not more than Rs. 10,000 may be sanctioned and a cent per cent grant of Rs. 10,000 earmarked for 1945-46.

Simla—This District Board has an isolated length of 5 miles of an unmetalled hill road, hence it was not addressed on the subject of submission of the estimates.

Kangra—This District Board has sent in one estimate for the Alampur-Lambagraon and the Ranital-Jowalamukhi roads for Rs. 10,000 and has asked for a cent per cent grant of Rs. 10,000 which may be sanctioned. The estimate has been returned to the District Board for revision.

Hoshiarpur—The District Board of Hoshiapur has submitted 4 estimates for Rs. 9,760 and has asked for a cent per cent grant of Rs. 9,760 which may be earmarked for 1945-46. The estimates are detailed in statement No. 6.

Jullundur—No estimates from this District Board have so far been received. It is however suggested that Rs. 10,000 may be earmarked for this District Board and estimates technically sanctioned when received.

Ludhiana—Four estimates totalling Rs. 10,986 have been received as detailed in statement No. 6. A cent per cent grant of Rs. 10,000 may be earmarked for 1945-46.

Ferozepore—An estimate for constructing 31 culverts over a number of Class II roads have been received from this District Board which has been returned for resubmission. Rs. 9,800 may be sanctioned on 100 per cent basis and estimates technically sanctioned on receipt in this office.

Lahore—This District Board has sent in three estimates amounting to Rs. 9,547. These not being in order have been returned to the District Board for resubmission duly corrected. Rs. 9,500 may be sanctioned on 100 per cent basis.

Amritsar—The District Board of Amritsar has submitted two estimates for Rs. 10,994 and has requested for a 100 per cent grant-in-aid of Rs. 10,994. Rs. 10,000 may be earmarked and the estimates sanctioned.

Gujrat—The District Board of Gujrat has sent in seven estimates for Rs. 9,896. These have been returned unsanctioned for carrying out certain corrections and resubmissions to this office. Rs. 10,000 may be earmarked for this District Board. Estimates Nos. 2, 6 and 7 have also been included in the list of new works and may be omitted therefrom.

Shahpur—This District Board has sent in only one estimate for Rs. 10,000 which has been returned for correction and resubmission. Rs. 10,000 may be earmarked.

Jhelum—Two estimates totalling Rs. 10,001 have been received as detailed in statement No. 6. A cent per cent grant of Rs. 10,000 may be earmarked.

Rawalpindi—This District Board has submitted two estimates for Rs. 9,346. Rs. 10,000 may be earmarked as there is likelihood of these estimates being sanctioned for more than Rs. 10,000.

Attock—Three estimates as listed in statement No. 6 have been received for Rs. 9,687. These are under scrutiny. Rs. 10,000 may be earmarked.

Mianwali—No. estimates have been received. Rs. 10,000 may, however, be earmarked for 1945-46.

Montgomery—This District Board has sent in four estimates for Rs. 29,213 as shown in statement No. 6. A cent per cent grant of Rs. 10,000 may be earmarked for improvement of roads to be selected by the District Board out of the roads included in the above estimates.

Lyallpur—This District Board has sent in one estimate for Rs. 8,300 and this amount may be earmarked on cent per cent basis for 1945-46.

Jhang—Four estimates as detailed in statement No. 6 have been received for Rs. 10,000 and the same amount may be earmarked for this District Board on cent per cent basis for 1945-46.

Multan—Four estimates totalling Rs. 10,000 have been received for sanction. Necessary amount of grant, viz., Rs. 10,000 may be earmarked for 1945-46.

Muzaffargarh—This District Board has sent in one estimate for Rs. 10,000 which will be sanctioned technically on receipt back from the District Board. May set aside Rs. 10,000 for 1945-46.

D. G. Khan—One estimate for Rs. 10,494 was received. This will be sanctioned technically on receipt back from the District Board. Rs. 10,000 may be earmarked.

As in most of the cases estimates have not yet been technically sanctioned it is not anticipated that more than Rs. 1,50,000 will be spent during the financial year 1945-46.

Total anticipated expenditure under head "New Expenditure" works out to Rs. 2,03,000 (Rs. 53,000—*vide* column 8 of statement No. 5 and Rs. 1,50,000 on unmetalled roads referred to in statement No. 6). This will leave a balance of Rs. 1,42,000 out of which Rs. 57,600 may be transferred to works in progress and the balance of Rs. 84,400 held in reserve to be distributed during the year in case of necessity or if it is not likely to be utilised it may be surrendered for reallotment next year.

A brief statement showing allotment of funds made and their distribution during the year is given below :—
